The Origins of the Film Star System Andrew Shail,2019-05-30 Drawing on a wide range of archival sources Andrew Shail

traces the emergence of film stardom in Europe and North America in the early 20th century Modifying and supplementing Richard deCordova's account of the birth of the US star system Shail describes the complex set of economic circumstances that led film studios and actors to consent to the adoption of a star system He then explores the film industry's turn from 1908 to making character based series films He details how these characters both prefigured and precipitated the star system demonstrating that series characters and the firmament of film stars are functionally equivalent and shows how openly fictional characters still provide the model for real film stars West Side Story as Cinema Ernesto R.

Acevedo-Muñoz, 2013-10-08 For millions of moviegoers unable to see the original stage version of West Side Story director Robert Wise's adaptation was a cinematic gift that brought a Broadway hit to a mass audience Ernesto Acevedo Muñoz argues that Wise's film was not only hugely popular but that it was also an artistic triumph that marked an important departure in the history of American movie making With a score by Leonard Bernstein and choreography by Jerome Robbins this update of the Romeo and Juliet story remains one of the most revered and highly popular American movie musicals with only Singin' in the Rain ranking higher in the AFI's list of the best of the genre Acevedo Muñoz draws on previously unreleased production documents from interoffice memos to annotations on the director's script to go beyond publicity accounts and provide an inside look at this critically acclaimed film classic offering details of its filming that have never before been published From location scouting to scripting to casting to filming Acevedo Muñoz focuses on little known details of the actual production He provides close analyses of dramatic sequences and musical numbers emphasizing the film's technical innovations and its visual and aural coding as a means for defining character and theme He carefully explains the differences between Broadway and film versions exposing censorship and creative issues that the filmmakers were forced to confront And taking readers behind the cameras he highlights the creative differences and financial difficulties that led to the departure of Robbins who had conceived and directed the stage version long before filming was complete Acevedo Muñoz makes a strong case for the film's daring vision in combining music dance dialogue and visual elements especially color in highly creative ways while also addressing the social racial and class tensions of American society Drawing on his own Puerto Rican heritage he provides a Hispanic perspective on the cultural aspects of the story and explores the ways in which the film's portrayal of Puerto Rican identity is neither as transparent nor as negative as some critics have charged Bursting with facts insights and inside stories this book boasts a wealth of material that has never been explored before in print Both history and homage it is a must for scholar and buff alike The Sustainable Legacy of Agnès Varda Colleen Kennedy-Karpat, Feride Çiçekoglu, 2022-03-24

Blockbuster Performances Daniel Smith-Rowsey, 2018-11-27 This book examines performances in the American film industry's highest earning and most influential films Countering decades of discourse and the conventional notion that special effects are the real stars of Hollywood blockbusters this book finds that the acting performances in these big budget action movies are actually better and more genre appropriate than reputed It argues that while blockbusters are often edited for speed thrills and simplicity and performances are sometimes tailored to this style most major productions feature more scenes of stage like acting than hyper kinetic action Knowing this producers of the world's highest budgeted motion pictures usually cast strong or generically appropriate actors With chapters offering unique readings of some of cinema's biggest hits such as *The Dark Knight* *Pirates of the Caribbean* *Star Wars* *Iron Man* and *The Hunger Games* this unprecedented study sheds new light on the importance of performance in the Hollywood blockbuster

Land of Smoke and Mirrors Vincent Brook, 2013-01-22 Unlike the more forthrightly mythic origins of other urban centers think Rome via Romulus and Remus or Mexico City via the god Huitzilopochtli Los Angeles emerged from a smoke and mirrors process that is simultaneously literal and figurative real and imagined material and metaphorical physical and textual Through penetrating analysis and personal engagement Vincent Brook uncovers the many portraits of this ever enticing ever ambivalent and increasingly multicultural megalopolis Divided into sections that probe Los Angeles's checkered history and reflect on Hollywood's own self reflections

the book shows how the city despite considerable remaining challenges is finally blowing away some of the smoke of its not always proud past and rhetorically adjusting its rear view mirrors Part I is a review of the city's history through the early 1900s focusing on the seminal 1884 novel *Ramona* and its immediate effect but also exploring its ongoing impact through interviews with present day Tongva Indians attendance at the 88th annual *Ramona* pageant and analysis of its feature film adaptations Brook deals with Hollywood as geographical site film production center and frame of mind in Part II He charts the events leading up to Hollywood's emergence as the world's movie capital and explores subsequent developments of the film industry from its golden age through the so called New Hollywood citing such self reflexive films as *Sunset Blvd* *Singin in the Rain* and *The Truman Show* Part III considers LA noir a subset of film noir that emerged alongside the classical noir cycle in the 1940s and 1950s and continues today The city's status as a privileged noir site is analyzed in relation to its history and through discussions of such key LA noir novels and films as *Double Indemnity* *Chinatown* and *Crash* In Part IV Brook examines multicultural Los Angeles Using media texts as signposts he maps the history and contemporary situation of the city's major ethno racial and other minority groups looking at such films as *Mi Familia* *Latinos* *Boyz n the Hood* *African Americans* *Charlotte* *Sometimes* *Asians* *Falling Down* *Whites* and *The Kids Are All Right* LGBT [Stan Brakhage in Rolling Stock, 1980-1990](#) Jerry White, 2018-04-19 This is a collection of writings by the giant of experimental cinema Stan Brakhage that shows him in a completely new light as part of world cinema For the duration of the 1980s Brakhage contributed to the Boulder literary magazine *Rolling Stock* mostly publishing reports from the Telluride Film Festival These reports show that Brakhage was keenly interested in world cinema anxious to meet and dialogue with filmmakers of many different stripes The book also contains substantial discussion of Brakhage's work in light of the filmmakers he encountered at Telluride and discussed in *Rolling Stock* Long chapters are given over to Soviet filmmakers such as Andrei Tarkovsky Larissa Shepitko and Sergei Parajanov as well as the German filmmaker Hans J rgen Syberberg Brakhage was a keen viewer of these filmmakers and their contemporaries both at Telluride and in his role as teacher at the University of Colorado and Stan Brakhage and *Rolling Stock* attempts to place his work alongside theirs and thus reclaim him for world cinema The book's appendices reprint letters Brakhage wrote to Stella Pence Telluride's co founder and managing director as well as summaries of his work for Telluride and a brace of difficult to find reviews [John Dos Passos and Cinema](#) Lisa Nanney, 2019-06-19 The first study of his little known screen writing John Dos Passos and Motion Pictures Writing Film Film Writing uses unpublished manuscripts and correspondence to explore how he adapted film aesthetics to structure his modernist novels of the 1920s and 1930s then beginning in the 1940s attempted to revise those novels directly into screenplays reflecting the controversial conservative political shift that redefined his later literary career [Film Music](#) Roy M. Prendergast, 1992 The expanded updated and revised edition of *Film Music* brings together the experience and insights of the professional film music editor with the scholarship and concerns of the film critic and historian In this pioneering work film music from its beginnings to

the present day is analyzed both as composition and as an integral element of cinematic expression Beginning with an extensive historical overview the author recreates the process by which film music composers developed their own forms out of typical screen action The techniques and achievements of filmmakers from the silent and early sound film eras to the 1990s are examined including the unique demands of music for the rapidly changing images of cartoons and animated films A new chapter about music for television has been added to the very informative discussion of techniques for synchronizing music to picture And the latest technological advances are described in an entirely new section dealing with contemporary methods and tools including video post production the advent of digital audio and the pervasive influence of the music synthesizer Replete with music examples drawn from actual film scores this comprehensive study concludes with an extensive and up to date bibliography of related reference works
