

Your Best

If you always try your best
Then you'll never have to wonder
About what you could have done
If you'd summoned all your thunder.

And if your best
Was not as good
As you hoped it would be,
You still could say,
“I gave today
All that I had in me.”

Immanuel Samuel ,2025-08-10 The Magic Pot and Other Short Stories is a charming and insightful collection of ten modern fables that explore timeless values of character courage and kindness At its heart the book is about the principle that virtue is its own reward and that good deeds ultimately lead to success and happiness

The Red Lie Hua Foley,2024-09-03 Born into the Mao era the author s education in school and at home by her father a devoted Communist propaganda officer was a brainwashing process She was just seven when her father described how the enemy Nationalists beheaded his parents with a straw cutter during the civil war Before she was old enough to understand the concept of love she learned who to love and who to hate believing all enemies deserve to die When student protesters in Tiananmen Square in 1989 demanded freedom and democracy Foley risked prison passing them secret information about army troop deployment This act ended her career as a university assistant professor and put her on a wanted list She embarked on a smuggler aided border crossing to Macau and eventually arriving in Hong Kong and from there departed for a new life in the United States Returning to China after an eight year exile she discovered her father s betrayal and lies She eventually came to understand that his fear driven loyalty to the Party arose from survival instincts He chose to dance with the devil Over time he learned to dance with ease and grace and in the end such dancing became his life The Red Lie is an account of the struggle to free oneself from the binding tentacles of brainwashing It is a tale of loyalty tested humanity challenged and lives ruined by lies At its core it is a woman s struggle in a world so hardened by ignorance hatred and fear that compassion and kindness are largely nonexistent It shows one person s quest for self invention against the backdrop of late twentieth century politics a tale still current given the East West tensions of today
