

# Sharks

Read the passage and answer the questions below.

©workybooks.com

Sharks are ancient and magnificent creatures. They have ruled the oceans for the last 400 million years. You can find sharks in every ocean in the world, and some even live in rivers and lakes. Sharks are made of a flexible material called cartilage. You have cartilage in your ears— that's why they bend! There are more than 500 known species of shark in the world. Some are no larger than your hand, while others can be the size of a school bus. The whale shark is the largest animal on earth and can grow up to 30 ft long. Sadly, shark numbers are decreasing. Each year, millions of sharks are hunted and killed for their fins. Scientists have studied the number of sharks in the ocean and are finding that their population size is decreasing. You can help sharks by learning more about them and spreading awareness— share with someone what you learned in this passage!

*Jacob's Ladder Reading Comprehension Program* William & Mary Center for Gifted Education, 2021-09-03 The Jacob's Ladder Reading Comprehension Program targets reading comprehension skills in high ability learners by moving students through an inquiry process from basic understanding to critical analyses of texts using a field tested method developed by the Center for Gifted Education at William Mary. Students in grade 3 will learn to comprehend and analyze any reading passage after completing the activities in Jacob's Ladder Grade 3 2nd ed previously published as Level 1. Research conducted by the Center for Gifted Education with Title 1 students demonstrated that the Jacob's Ladder Reading Comprehension Program delivers results related to improved reading comprehension, increased critical thinking, and an enhanced interest in reading. Using skill ladders connected to short stories, poetry, essays, and nonfiction, students move from lower order concrete thinking skills to higher order critical thinking skills. The ladders include multiple skills necessary for academic success covering language arts standards such as sequencing, determining cause and effect, classifying, inferencing, and recognizing main ideas. The second edition of the book builds off the previous Level 1 edition, including new readings and ladders for student use. This book provides teachers with an explanation of the nature of supplementary tasks that scaffold reading comprehension. Also included is an overview of the goals and objectives of the Jacob's Ladder tasks and suggestions for implementation, giving every teacher the tools needed to promote successful reading comprehension. Optional Student Workbook Packs. In addition to this teacher's guide, companion student workbooks are available for Poetry, Short Stories, and Nonfiction. The student workbooks feature ample room for student responses and notes, making reviewing and providing feedback on student work easier than ever. Provide students with an easy-to-use reference to use during discussions and save time as there is no need to reproduce student handouts. Grade 3

### **Challenging Common Core Language Arts Lessons**

Clg Of William And Mary/Ctr Gift Ed, Molly Bryan Talbot, 2021-09-03 This book from the Center for Gifted Education at William Mary provides gifted and advanced learners challenging activities to master and engage with the Common Core State Standards for English Language Arts through four mini units. Each mini unit is packed with activities that enrich and extend grade level ELA content for grade 3. Included texts have messages and characters that are developmentally suitable for students. Through higher order reasoning questions, resulting discussions, and student created products associated with these texts, gifted and advanced students' needs are met while still maintaining messages and characters to which students can relate. Students will be exposed to themes such as choices, culture, beliefs, and perseverance. Each theme was chosen with advanced third grade students in mind and their emerging need to learn more about themselves, their world, and how to work through adversity to accomplish their goals. Grade 3
