

Family, friends, home—everything was in the past now and there was no way back. In spite of the these losses, Anthony felt for the very first time like a part of something important.

Since then, every day had been worth living and fighting for. Every day was full of excitement. Every day, a battle for ideals, dreams, values, peace, and love was waged. Every day, humankind was filled with hope.

Within months, Anthony became a model for his fellow compatriots, who recognized in him the values of peace and love. But becoming such a prominent figure had also brought problems with the police, as he had become one of the local icons for maintaining peace. Although the protests were peaceful, there was always a reason for the police to break up the marches and disperse them.

Six years of protests; six years of chosen loneliness; six years of living a new life, different from the one he was born into; six years that had gone by so quickly and yet so slowly. Six years of deep scars that no one but him could see... His whole life passed in front of him in a matter of seconds.

And there he was, getting ready for another day of peaceful protests, of civil disobedience, of fighting his own war. Walking around his small apartment, feeling anxious like every morning, waiting for today's instructions, and wondering where life would take him today. Anthony poured himself a cup of coffee, walked to the living room, switched on the TV, and heard the announcer say, "The war is over."
