Plain & Precious - Book of Mormon Commentary Volume One: 1 Nephi Emily Christensen, 2017-06-15 Dr Emily Christensen joined the Church of Jesus Christ of Latter day Saints in 2009 She brings to her study of the Book of Mormon a unique perspective as a Jungian therapist as theological scholar and as a student of Hebrew Here Dr Christensen shares the fruits of that study offering fresh insight into scriptural characters language and doctrine while always building upon a firm testimony of the atonement of Jesus Christ PLAIN PRECIOUS VOLUME ONE 1 NEPHI covers the first 22 chapters of the Book of Mormon an account of a prophet and his family led by God out of Jerusalem in 600 B C and their journey to a promised land on the American continent Dr Christensen is also the

author of the memoir **KEEPING KYRIE** Understanding the Book of Mormon Grant Hardy, 2010-04-07 Mark Twain once derided the Book of Mormon as chloroform in print Long and complicated written in the language of the King James version of the Bible it boggles the minds of many Yet it is unquestionably one of the most influential books ever written With over 140 million copies in print it is a central text of one of the largest and fastest growing faiths in the world And Grant Hardy shows it s far from the coma inducing doorstep caricatured by Twain In Understanding the Book of Mormon Hardy offers the first comprehensive analysis of the work s narrative structure in its 180 year history Unlike virtually all other recent world scriptures the Book of Mormon presents itself as an integrated narrative rather than a series of doctrinal expositions moral injunctions or devotional hymns Hardy takes readers through its characters events and ideas as he explores the story and its messages He identifies the book s literary techniques such as characterization embedded documents allusions and parallel narratives Whether Joseph Smith is regarded as author or translator it s noteworthy that he never speaks in his own voice rather he mediates nearly everything through the narrators Nephi Mormon and Moroni Hardy shows how each has a distinctive voice and all are woven into an integral whole As with any scripture the contending views of the Book of Mormon can seem irreconcilable For believers it is an actual historical document transmitted from ancient America For nonbelievers it is the work of a nineteenth century farmer from upstate New York Hardy transcends this intractable conflict by offering a literary approach one appropriate to both history and fiction Regardless of whether readers are interested in American history literature comparative religion or even salvation he writes the book can best be read if we examine the text on its own terms **The Shortest Path to Heaven** Mary Parker Johnson, 1959 **The Mormon Mirage** Latayne C. Scott, 2010-08-03 In the first edition of *The Mormon Mirage* Latayne C Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies inconsistencies and contradictions in the faith she had loved and lived Thirty years later Mormonism and Mormon scholarship have evolved with the times In this third revised and updated edition of her well known book Scott keeps pace with changes and advances in Mormonism and reveals formidable new challenges to its claims and teachings *The Mormon Mirage* provides fascinating carefully documented insights into DNA research s withering implications for the Book of Mormon the impact of new revelations on Latter day Saint LDS race relations new findings about Mormon history increasing publicity about LDS splinter groups particularly polygamous ones recent disavowals of long held doctrines by church leadership the rise of Mormon apologetics on the Internet More than a riveting insider s scrutiny of the Mormon faith this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ **Improvement Era** , 1941 **The Book of Mormon and its relationship with the Bible** David J. Richards, 2017-11-17 The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book s contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of

Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon s own core themes *Treasures from the Book of Mormon, Volume Three* W. Cleon Skousen, This four volume work which was originally created as a university course is a whole new approach to an advanced study of the Book of Mormon In a sense it is a private tutoring course If the reader will concentrate on one verse at a time drain the essential message from it read any background material provided in the book by W Cleon Skousen and then apply the verse to his or her own life they will be richly blessed By this means the reader will have a chance to absorb the message far more deeply and make the Book of Mormon a vital part of daily living These books are easy to read and have proven highly popular with seminary students and those preparing for missions They are also used as a family home evening course of study Volume Three covers Alma 30 to 3 Nephi 7 This eBook includes the illustrations footnotes table of contents and page numbering from the printed format
