Security Industry Authority Great Britain: Parliament: House of Commons: Home Affairs Committee, 2008-01-17 The Security Industry Authority SIA was established in 2003 as an independent body reporting to the Home Secretary to regulate the private security industry Its role includes the compulsory licensing of individuals undertaking specific licensable activities within the security industry Immigration status checks of security workers are the legal responsibility of their employer but it emerged in November 2007 that such checks were not being carried out on persons applying for licences to work in the private security industry with the result that an unspecified number of security industry workers were working illegally Retrospective checks on the security industry revealed that 77% of licence holders were legitimate 10 5% did not have the right to work 12 5% required further checks This meant that potentially 10 000 non EU nationals licensed to work in the security industry could be working illegally This report from the Home Affairs Committee sets out the situation regarding the licensing of applicants with oral evidence taken before the Committee The Committee recommends that the licence application form should be the place for consideration of immigration status of security worker applicants and the Committee welcomes the Home Secretary's announcement to encourage an amendment to the licence application form of the Security Industry Authority **Statutory Instruments** Great Britain, 1992 **State Magazine** , 2015-06 **USPTO Image File Wrapper Petition Decisions 0027** , *Software Management Approaches: Project Management, Estimation, and Life Cycle Support* Michael Haug, Eric W.
