*The Book of Revelation* Robert H. Mounce, 1998 This contribution to The New International Commentary on the New Testament is a revision of Robert Mounce's original entry on the book of Revelation and reflects more than twenty additional years of mature thought and the latest in scholarship      A Companion to the Neronian Age Emma Buckley, Martin Dinter, 2013-05-03 An authoritative overview and helpful resource for students and scholars of Roman history and Latin literature during the reign of Nero The first book of its kind to treat this era which has gained in popularity in recent years Makes much important research available in English for the first time Features a balance of new research with established critical lines Offers an unusual breadth and range of material including substantial treatments of politics administration the imperial court art archaeology literature and reception studies Includes a mix of established scholars and groundbreaking new voices Includes detailed maps and illustrations      The Book of Nero 6 Ultra Edition Wally Wang, 2004 A straightforward guide to using Nero Ultra 6 to burn music and data CDs and to copy DVDs describes the various features of the popular CD and DVD burning software and offers a task oriented step by step approach that takes users through the process of using Nero for various tasks Original Beginner      **A Translation and Interpretation of Horace's Sermones, Book I** Andy Law, 2021-03-15 Horace's book of Sermones also called Satires was his first published work Rather than a collection of satirical sideswipes as the genre might have dictated the book is a wiry tight muscular interlaced hexameter artwork of enormous originality and as far removed from the legacy of satirical writing he inherited as one can imagine It is the work of a 29 year old grappling with issues of personal and poetic identity during one of the most important and pivotal times in European history Geographically socially and genetically an outsider Horace earned himself a seat at Rome's top creative table close to the heart of the political engine that was to change Rome forever His book details a transformational journey from nobody to somebody and is a simultaneous invention of poet and reinvention of poetic genre Horace's Sermones have floated in and out of fashion ever since they first appeared regularly eclipsed by his Odes Today rehabilitated they find space in the higher levels of the school curriculum This book provides unique insights and will be of interest to all classicists as well as students studying core influences on European literature      The Book of Revelation Martin M. Culy, 2017-10-06 Revelation by any modern standard is a strange book It has intrigued and perplexed readers through the centuries and all too often has fallen victim to fanciful interpretations Although it may seem mysterious and impenetrable to us today it represents a distinct message in language and imagery that was familiar to the original readers woven together into a beautiful tapestry of twenty two interconnected chapters The Book of Revelation The Rest of the Story demonstrates that the key to understanding the message of Revelation is found in this intricate relationship between the seven letters and the rest of the book with the visions of Revelation 4-22 building on fleshing out and driving home each of the messages to the seven churches in Revelation 2-3 In the end Revelation proves to be not primarily a guide to how things are going to unfold at the
