The Impossible City Karen Cheung, 2025-09-16 A boldly rendered and deeply intimate account of Hong Kong today from a resilient young woman whose stories explore what it means to survive in a city teeming with broken promises A pulsing debut about what it means to find your place in a city as it vanishes before your eyes The New York Times Book Review ONE OF THE BEST BOOKS OF THE YEAR The Washington Post Hong Kong is known as a place of extremes a former colony of the United Kingdom that now exists at the margins of an ascendant China a city rocked by mass protests where residents rally often in vain against threats to their fundamental freedoms But it is also misunderstood and often

romanticized Drawing from her own experience reporting on the politics and culture of her hometown as well as interviews with musicians protesters and writers who have watched their home transform Karen Cheung gives us a rare insider's view of this remarkable city at a pivotal moment for Hong Kong and ultimately for herself Born just before the handover to China in 1997 Cheung grew up questioning what version of Hong Kong she belonged to Not quite at ease within the middle class cosmopolitan identity available to her at her English speaking international school she also resisted the conservative values of her deeply traditional often dysfunctional family Through vivid and character rich stories Cheung braids a dual narrative of her own coming of age alongside that of her generation With heartbreaking candor she recounts her yearslong struggle to find reliable mental health care in a city reeling from the traumatic aftermath of recent protests Cheung also captures moments of miraculous triumph documenting Hong Kong's vibrant counterculture and taking us deep into its indie music and creative scenes Inevitably she brings us to the protests where her understanding of what it means to belong to Hong Kong finally crystallized An exhilarating blend of memoir and reportage *The Impossible City* charts the parallel journeys of both a young woman and a city as they navigate the various sometimes contradictory paths of coming into one's own **LONGLISTED FOR THE ANDREW CARNEGIE MEDAL** *Saving Face* Mansi Shah, 2025-08-12 The founder of a skincare line teeters on career defining success when a bullish journalist sets out to write her inaugural profile threatening to unearth her darkest secret that she's not the wealthy socialite she portrays but an immigrant of modest means who built a life on someone else's name Perfect for readers of *White Ivy* and *Yellowface* People love a rags to riches story but hate a woman who lied to get ahead Ami Shah is on the brink of life changing success Her skin care empire Amala is set for acquisition by a Fortune 500 company and she has just been nominated for the Global Changemakers Award the most revered entrepreneurial honor There's just one problem she's a complete and utter fraud Twenty years ago in Singapore abandoned orphan Monica Joseph made a decision to steal her wealthy classmate's identity and move halfway around the world to build her life on someone else's name For twenty years she's managed to hide in plain sight until an ambitious fledgling journalist sets out to write the inaugural full length profile on her With her carefully constructed persona and life's work now in jeopardy Monica is left with no other choice she must return to the scene of the crime and the one place she vowed never to revisit Home *Robert Kirkman's The Walking Dead: Return to Woodbury* Jay Bonansinga, Robert Kirkman, 2017-10-17 The latest novel in the TV smash hit and New York Times bestselling *Walking Dead* series **Temple Bar**, 1906 **South Pacific Handbook** David Stanley, 1996 Whether it's the legends about breadfruit trees or ghosts inhabiting inland Tahiti the endangered delicacies to avoid or the gift giving protocol when invited to a local's home how to tour a vanilla plantation on Raiatea or when to find the Noum a flame trees catch fire in hues of red and orange *South Pacific Handbook* covers everything about this region of boundless ocean and scarce land Drawing on two decades of editions and incorporating the comments of countless previous readers this user friendly guide extends beyond the hot spots and steers readers off the beaten path throughout Polynesia

Elizabeth Sandeman Gay reviewer **When Walking Fails** Lisa Iezzoni,2003-06-10 Roughly one in ten adult Americans find their walking slowed by progressive chronic conditions like arthritis back problems heart and lung diseases and diabetes In this passionate and deeply informed book Lisa I Iezzoni describes the personal experiences of and societal responses to adults whose mobility makes it difficult for them to live as they wish partly because of physical and emotional conditions and partly because of persisting societal and environmental barriers Basing her conclusions on personal experience a wealth of survey data and extensive interviews with dozens of people from a wide social spectrum Iezzoni explains who has mobility problems and why how mobility difficulties affect people s physical comfort attitudes daily activities and relationships with

family and friends throughout their communities strategies for improving mobility and how the health care system addresses mobility difficulties providing and financing services and assistive technologies Iezzoni claims that although strategies exist to improve mobility many people do not know where to turn for advice She addresses the need to inform policymakers about areas where changes will better accommodate people with difficulty walking This straightforward and engaging narrative clearly demonstrates that improving people's ability to move freely and independently will enhance overall health and quality of life not only for these persons but also for society as a whole
