New Designs in Kindergartens Jure Kotnik, 2015-02 This book features contemporary kindergartens selected to represent the most diverse projects in a broad variety of contexts Social change modern pedagogical strategies and sustainable technologies mean that the old patterns of kindergarten design have given way to new approaches and fresh design solutions The renewed interest in the field is generating kindergartens of high architectural quality in which innovative child centered design and ecological features combine with contemporary design sensibilities **Designing and Implementing Two-Way Bilingual Programs** Margarita Espino Calderon, Liliana Minaya-Rowe, 2003-01-23 This indispensable handbook includes professional development plans that meet the specific needs of dual language programs strategies for building learning communities for dual language teachers and tips for involving parents *The Glocalization of Early Childhood Curriculum* Philip Hui Li, Jennifer J. Chen, 2023-02-03 With empirical evidence and theoretical critique this book unveils the myths and debates e g child centeredness versus teacher directedness about early childhood curricula revealing their unique social cultural and historical roots Analyzing globally advocated early childhood curricula and ideologies such as the developmentally appropriate practice the child centered approach constructivism and globalized childhood this book argues that the direct adoption of these contextually bound approaches in local environments may be inappropriate if social and cultural compatibility is lacking The authors then examine how early childhood curricula may be implemented in a hybrid form Featuring case studies from American and Chinese contexts this book offers insights and recommendations for the future development and redeployment of early childhood curriculum studies and practices in a post truth era This volume serves as a valuable resource for scholars and students of early childhood education and comparative education as well as for key education stakeholders Resources in Education , 2001-04 *Handbook of Psychology, Educational Psychology* Irving B. Weiner, William M. Reynolds, Gloria E. Miller, 2012-10-16 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do This award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field This ten year revision now covers discoveries based in neuroscience clinical psychology's new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology *Research in Education* , 1970 Bibliographic Guide to Education , 1985 *Catalog of Copyright Entries.
