practice settings in ELT to explore the different identities and power relationships which teachers orient to. It traces the role of identity and interaction in the processes of acquiring new teaching skills and knowledge reflecting on professional practice and constructing teaching selves and explores the limits and constraints on these processes imposed by global forces such as the marketization of education. The book is written for teachers, teacher educators, postgraduate students and researchers interested in the relationships between social interaction, identity and professional practice in ELT. It is suitable for use in conjunction with any postgraduate level course on language in interaction as it surveys and critically discusses various approaches and includes many practical examples. Key features: Includes a full survey of different approaches to the study of language teacher learning and identity; Provides an introduction to a range of frameworks for analyzing talk and identity in teacher education and professional practice contexts; Analyses spoken data from activities such as guided lesson planning, post-teaching reflection, discussions of teaching materials; Each chapter ends with practice tasks, discussion points and references for further reading. Suitable for use in conjunction with any postgraduate level course on language in interaction as it surveys and critically discusses various approaches and includes many practical examples. *RELC Journal*, 2000

Studies of the International Institute of Teachers College, Columbia University, 1929 **Developing Materials for Language Teaching** Brian Tomlinson, 2023-07-27 Viewing current developments in materials development through the eyes of developers, users and researchers from all over the world, this book applies principles to practice.
