The Holy Spirit and Worship Elizabeth A. Welch,2020-12-15 The Holy Spirit has become a greater focus for attention in Trinitarian theology and in the life of the western church since the rise of Pentecostalism at the beginning of the twentieth century Different understandings of the Holy Spirit have impacted worship in a variety of ways This book looks at look at surprising overlaps in the thinking about relationship between the Holy Spirit and worship between two radically different traditions of the church represented by John Owen from the seventeenth century in England and John Zizioulas from the twentieth twenty first century in Greece Four threads of argument are identified flowing from the unexpected overlap between these two thinkers that are of value for the church today The first is the personal and relational nature of the Triune God drawing the human person into a deeper sense of relational identity The second is the immediacy of the encounter with God through the Holy Spirit in worship The third is the way in which the Holy Spirit leads people into truth The fourth is the transformative nature of the encounter with God in worship which draws people into sharing God s purpose for the transformation of the world Religion Online August E. The Russian Orthodox Community in Hong Kong Loretta E. Kim, Chengyi Zhou, 2021-08-23 Hong Kong has been a unique society from its establishment as a political region separate

from mainland China in the nineteenth century under British colonial rule until the present day as a special administrative region of the People's Republic of China. A hub of interregional and international migration, it has been the temporary and long-term home of people belonging to many racial, ethnic, and cultural groups. This book examines the evolution of the community established by clergy and congregants of the Russian Orthodox Church. This community was first developed in the 1930s and then revived after a hiatus of over two decades from the 1970s to the 1990s with the founding of the Orthodox Parish of Apostles Saints Peter and Paul (OPASPP) at the turn of the twenty-first century. This study demonstrates how the OPASPP has become a vital provider of knowledge about Russian language and culture as well as a religious institution serving both heritage and convert believers. The community formed by and around the OPASPP is important to foster Sino-Russian relations based on individual-to-individual contact and mutual exposure to Chinese and Russian cultures in a region of China which allows spiritual and social diversity with minimal political constraints. *African Christian Leadership* Priest, Robert J., Barine, Kirimi, 2017-10-12. Christian Barriers to Jesus (Revised Edition) J. Paul Pennington, 2022-02-15. A Call to Follow Jesus When He Challenges Our Traditions. There are many challenges to adequately representing Jesus to the majority world, and often Western Christian traditions create unnecessary hindrances to people accepting His truth. This book grew out of many interviews with Indian Jesus followers, both Christians and *Yesu bhaktas*, who identified painful stumbling blocks to receiving and sharing the gospel. While Hindus often have a high view of Jesus, they struggle with the conventions, practices, and labels around church. *Christian Barriers to Jesus* uniquely challenges readers to examine nine barrier-producing Christian traditions, exploring the assumptions Christians may hold about the value, origin, or necessity of their customs. The concerns Hindus commonly raise about traditions that confuse, offend, or alienate them. Teachings from Jesus in Scripture that often question the same ideas or practices. Pennington suggests that by not asking deep enough questions about what is essential for following Jesus and what is a non-essential human invention, the church is unnecessarily alienating millions of people from Him. As a body, it is time to honestly address these concerns, developing new patterns of discipleship that reveal Jesus's heart for breaking down barriers instead of creating them. The analysis presented in this book will empower readers to critically examine their personally
