*Religious Giving* David H. Smith, 2010-04-06 *Religious Giving* considers the connection between religion and giving within the Abrahamic traditions Each contributor begins with the assumption that there is something inherently right or natural about the connection But what exactly is it To whom should we give how much should we give what is the relationship between our giving and our relationship to God Writing for the introspective donor congregational leader or student interested in ways of meeting human needs the authors focus on the philosophical or theological dimensions of giving The contributors goal is not to report on institutional practices but to provide thoughtful constructive guidance to the reader informed by a critical understanding of the religious traditions under review      **Urban God Talk** Andre E.

Johnson, 2013-08-28 *Urban God Talk* Constructing a Hip Hop Spirituality edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting empowering and liberating In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality Whether it is a close reading of a hip hop text ethnography a critical studies approach or even a mixed method approach this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding *Urban God Talk* will inspire not only scholars to further their research but will also encourage publishers to print more in this field The contributors to this in depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs edited works and journal publications in the future
