Birds, Beasts and Flowers David Herbert Lawrence, 1923 Case and Exceptions , 1900 **Never Forget Your Name** Alwin Meyer, 2022-01-11 The children of Auschwitz this is the darkest spot in the ocean of suffering that was the Holocaust They were deported to the concentration camp with their families with most being murdered in the gas chambers upon their arrival or were born there under unimaginable circumstances While 232 000 children and juveniles were deported to Auschwitz only 750 were liberated in the death camp at the end of January 1945 Most of them were under 15 years of age Alwin Meyer s masterwork is the culmination of decades of research and interviews with the children and their descendants sensitively reconstructing their stories before during and after Auschwitz The camp would remain with them throughout their lives on their forearms as a tattooed number and in their minds in the memory of heart rending separation from parents and siblings medical experiments abject confusion ceaseless hunger and a perpetual longing for home and security Once the purported liberation came there was no blueprint for piecing together personal biographies after the unthinkable had happened Many of the children often orphaned had forgotten their names or ages and had only fragmented understandings of where they came from While some struggled to reconnect to the parents from whom they had been separated others had known nothing other than the camp Some children grew up without the ability to trust and to play Survival is not yet life it is an in between stage which requires individuals to learn how to live The liberated children had to learn how to be young again in order to grow into adults like others did This remarkable book tells the stories of the most vulnerable victims of the Nazis systematic attempt to extinguish innocent lives and rescues their voices from historical oblivion It is a unique testimony to the horrific suffering endured by millions in humanity s darkest hour **Solomon Says** Louise Armstrong, 1989 **Aviva vs. the Dybbuk** Mari Lowe, 2022-02-22 A long ago accident An isolated girl named Aviva A community that wants to help but doesn t know how And a ghostly dybbuk that no one but Aviva can see causing mayhem and mischief that everyone blames on her That is the setting for this suspenseful novel of a girl who seems to have lost everything including her best friend Kayla and a mother who was once vibrant and popular but who now can t always get out of bed in the morning As tensions escalate in the Jewish community of Beacon with incidents of vandalism and a swastika carved into new concrete poured near the synagogue so does the tension grow between Aviva and Kayla and the girls at their school and so do the actions of the dybbuk grow worse Could real harm be coming Aviva s way And is it somehow related to the accident that took her father

Kowallis,2018-05-01 The magic calls her A prophecy binds her The ancestors guide her Dr Taran Grim a young professor of occult studies knows the written history of witches better than anyone in her field And she should She s one of them After a mysterious stranger arrives at her office inquiring about the mythical staff of Woden Taran s curiosity reveals a millennia old prophesy directly tied to her The answers wait in Bryden England and the only person who can help her gain access to the hidden valley is the descendant of Ruhmactir and a member of the shape shifting Geri clan Collens Coll Donovan But the Donovans have secrets of their own and Taran s underdeveloped magic is wreaking strange havoc on her

life If she can't manage her magic and strike a truce with Coll they'll fail to prevent the prophesied event known as Deireanhexe the end of the hexen race Closer to the Truth Karen Griego-Martinez, 2022-08-10 Closer to the Truth A memoir of Domestic Violence Mental illness and other tragic stories By Karen Griego Martinez Ever since she was a little girl Karen Griego Martinez knew she had to tell her mother's story Turned out her mother's story was evolved from learning disability mental illness and domestic violence Karen's story is incredibly interesting because her mother's story was unique in that she was given to her auntie to be raised so her entire life she lived with severe abandonment and trust issues No one knew her underlying mental illness issues or her learning disabilities that if she was treated for and had proper counseling she would have led a productive and solid life that her children might not have suffered so severely It is a fine example of untreated mental illness that does trickle down On top of that she somehow survived years of domestic violence by her husband Karen's father But her relationships with other lovers after that could never be healthy and the relationships between her and her children were always ripped apart never healthy Karen's mother could have conquered the world She wasn't a dumb woman she was a misunderstood soul Her beauty was beyond most She had class and style on the outside but on the inside of her mind was what was dark and she suffered They all suffered Read Closer to the Truth a story about mental health and disabilities and the true nature that millions of Americans go untreated every year every day This is her memoir for all who know her for all who knew her mother
