DESCRIPTION

The Remington Model 30-S Express Rifle has been produced to meet the demand of members of the National Rifle Association of America, and of our leading hunter-riflemen for a high grade, super accurate bolt action rifle for big game and various shooting. The members of the National Rifle Association, and those sportsmen are the deadliest game and practical rifle shots that the world has ever known, and during the past fifteen years they have developed methods of practical marksmanship which have brought rifle shooting to a degree of excellence never before deemed possible. These most successful methods of shooting necessitate a rifle of special specifications. Not only must it be an exceptionally accurate weapon, but its sights, mock, gunning, and trigger must be of a certain closely defined type, and the mechanism must be easy to operate. All of these features are embodied in the design of this rifle.
