Paul's Cross and the Culture of Persuasion in England, 1520-1640 Torrance Kirby, P.G. (Paul) Stanwood, 2013-12-12 The open air pulpit within the precincts of St Paul's Cathedral known as Paul's Cross can be reckoned among the most influential of all public venues in early modern England Between 1520 and the early 1640s this pulpit and its auditory constituted a microcosm of the realm and functioned at the epicentre of events which radically transformed England's political and religious identities Through cultivation of a sophisticated culture of persuasion sermons at Paul's Cross contributed substantially to the emergence of an early modern public sphere This collection of 24 essays seeks to situate the institution of this most public of pulpits and to reconstruct a detailed history of some of the more influential sermons preached at Paul's Cross during this formative period Contributors include Thomas Dabbs Ellie Gebarowski Shafer Cecilia Hatt Roze Hentschell Anne James Gerard Kilroy John N King Torrance Kirby Bradford Littlejohn Steven May Natalie Mears Mary Morrissey David Neelands Kathleen O Leary Mark Rankin Angela Ranson Richard Rex John Schofield Jeanne Shami P G Stanwood Susan Wabuda John Wall Ralph Werrell and Jason Zuidema

Schuyler, 1916 *American Historical Review* is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research *The Lord's Supper in the Reformed Tradition* John W. Riggs, 2015-08-24 In the Reformed tradition the Lord's Supper is a sacrament that draws on a rich and deep tradition in its theology and practice In this new volume in the Columbia Series in Reformed Theology John Riggs provides a comprehensive overview of the most important Reformed theologians and confessions on the sacrament of the Lord's Supper Riggs identifies the theology of true mystical union with Christ in the Supper as both a theological legacy the Reformed tradition inherited and a theological achievement that it refined Ideal for studies in Reformed and liturgical theology this is an important resource for investigating the eucharistic theology of the Reformed tradition Acoustic Jurisprudence James E K Parker, 2015-10-29 Between September 2006 and December 2008 Simon Bikindi stood trial at the International Criminal Tribunal for Rwanda accused of inciting genocide with his songs In the early 1990s Bikindi had been one of Rwanda's most well known and popular figures the country's minister for culture and its most famous and respected singer But by the end of 1994 his songs had quite literally soundtracked a genocide *Acoustic Jurisprudence* is the first detailed study of the trial that followed It is also the first work of contemporary legal scholarship to address the many relations between law and sound which are of much broader importance but which this trial very conspicuously raises One half of the book addresses the Tribunal's sonic imagination How did the Tribunal conceive of Bikindi's songs for the purposes of judgment How did it understand the role of radio and other media in their transmission And with what consequences for Bikindi The other half of the book is addressed to how such concerns played out in court Bikindi's was a musical trial as one judge pithily observed Audio and audio visual recordings of his songs were played regularly throughout Witnesses including Bikindi himself frequently sang both of their own accord and at the request of the Tribunal Indeed Bikindi even sang his final statement All the while judges barristers and witnesses alike spoke into microphones and listened through headphones As a result the Bikindi case offers an ideal opportunity to explore what this book calls the judicial soundscape Through the lens of the Bikindi trial the book's most important innovation is to open up the field of sound to jurisprudential inquiry Ultimately it is an argument for a specifically acoustic jurisprudence **English Readers of Catholic Saints** Judy Ann Ford, 2020-05-18 In 1484 William Caxton the first publisher of English language books issued *The Golden Legend* a translation of the most well known collection of saints' lives in Europe This study analyzes the molding of the *Legenda aurea* into a book that powerfully attracted the English market Modifications included not only illustrations and changes in the arrangement of chapters but also the addition of lives of British saints and translated excerpts from the Bible showing an appetite for vernacular scripture and stories about England's past The publication history of Caxton's *Golden Legend* reveals attitudes towards national identity and piety within the context of English print culture during the half century prior to the Henrician Reformation *Petrarch's English Laurels, 1475-1700* Jackson Campbell Boswell, Gordon McMurry Braden, 2017-05-15 The powerful

influence of Petrarch on the development of Renaissance vernacular poetry has long been recognized as one of the major factors in early modern cultural history this work provides a far more comprehensive catalogue of the direct evidence for that influence in England than any yet available Following the model of Boswell s Dante s Fame in England 1999 it offers an itemized presentation year by year of printed citations translations and allusions with complete bibliographical information quotations of the relevant passages and brief commentary The most fully studied aspect of Petrarch s influence his love poetry as a model for imitation remains paramount a model by turns slavishly imitated ruthlessly mocked and searchingly reworked sometimes all at the same time But the significance of other aspects of his legacy are also documented with new fullness notably his Latin prose works especially his encyclopedic moral treatise On the Remedies of Both Kinds of Fortune popular throughout the period and his polemics against the Avignon papacy which earned him a strong reputation in England as an angry moral prophet and champion of what would become the Protestant cause The picture here presented provides new texture and complexity for any further discussion of Petrarch in the English Renaissance

Redreaming the Renaissance Mary Lindemann, Deanna Shemek, 2024-05-17

Redreaming the Renaissance seeks to remedy the dearth of conversations between scholars of history and literary studies by building on the pathbreaking work of Guido Ruggiero to explore the cross fertilization between these two disciplines using the textual world of the Italian Renaissance as proving ground In this volume these disciplines blur as they did for early moderns who did not always distinguish between the historical and literary significance of the texts they read and produced Literature here is broadly conceived to include not only belles lettres but also other forms of artful writing that flourished in the period including philosophical writings on dreams and prophecy life writing religious debates menu descriptions and other food writing diaries news reports ballads and protest songs and scientific discussions The twelve essays in this collection examine the role that the volume s dedicatee has played in bringing the disciplines of history and literary studies

into provocative conversation as well as the methodology needed to sustain and enrich this conversation
