

SEND FORTH YOUR LEGIONS!

The Necrons are a deathless race of alien androids. In ages past they ruled the galaxy. Now, having slumbered in stasis for millennia, they are rising up to conquer it again. Clad in self-repairing bodies of living metal and wielding weapons that harness the most devastating energies of the cosmos, the Necrons are a terrifying enemy. Fearless, relentless and utterly without mercy, they advance in serrated ranks and lay down withering storms of fire fit to annihilate even the mightiest of foes. The hyper-resilient Necron soldiery are supported by murderous specialist units, techno-sorcerous war machines, mindless Canoptek constructs and shards of shattered star gods. They are led to war by undying nobles wielding weapons of devastating power, driven by the absolute conviction that they are the rightful rulers of the stars. And if their long sleep has reduced many Necrons to mindless monsters, or ravaged their sanity and transformed them into murderous demigods? Such madness only makes them an even greater and more terrible threat.

INSIDE YOU WILL FIND:

The aeons-spanning history of the Necron dynasty, their awakening and the horrors of their conquering legions.

A showcase of superbly painted Citadel miniatures that demonstrates the range of colour schemes and heraldry employed by the Necron dynasties, and the twisted abominations of the Destroyer Cults.

A vast range of datasheets providing tabletop rules for units from the Necrons army.

Army-wide rules content that allows you to take your collection of Necrons Citadel miniatures and order them into an unstoppable legion, fit to reclaim the galaxy from the vermin of the lesser races.
