Neo Rauch At The Well:

Neo Rauch Norman Rosenthal, Jacob Grimm, Wilhelm Grimm, 2014 At the Well produced to coincide with an exhibition of Neo Rauch's new works at David Zwirner in New York brings together both small and large format paintings that expand the artist's unique iconography of eccentric figures, animals and hybrids within vaguely familiar but imaginary settings. This oversized catalogue designed in close collaboration with the artist is anchored by sixteen stunning plates and numerous details that bring to life and gives viewers intimate access to these compelling compositions. Themes of rebirth and new beginnings abound. Rauch consistently creates characters who appear to be in the process of transformation, literally on the brink of renaissance. These figures, though squarely centred in his paintings, often have the appearance of being part of still lifes collaged with anachronistic elements belonging to different time zones and eras, offering a contemporary take on the storied tradition of visual and psychological pastiche. In addition, At the Well features an illuminating essay by art historian and curator Sir Norman Rosenthal who presents a careful reading of Rauch's new work, including its relationship to fairy tales, the influence of the German Democratic Republic on his development as an artist in the 1980s, and the overarching sense of alienation that is present within his narratives. The book also includes a reprint of the classic Brothers Grimm fairy tale The Young Giant, specifically chosen by Rosenthal to further expand his analysis. **David Zwirner: 25 Years** Richard

Shiff, Robert Storr, 2018-10-23 Published on the occasion of the twenty-five year anniversary of David Zwirner, this book paints a picture of the gallery's growth and development through the lens of the artists that have shaped it. Since its founding in 1993, David Zwirner has, above all else, been guided by its artist-centric ethos. Beginning with the gallery's early days on Greens Street in SoHo to its transition and expansion to Chelsea, London, the Upper East Side, and Hong Kong, this book captures David Zwirner's devotion to its inimitable roster of artists and estates. The heart of the publication is a wide-ranging, dynamic selection of the gallery's standout exhibitions, in many cases handpicked by David Zwirner himself. Many of these exhibitions highlight the countless works that ended up in major museum and private collections around the world. Also featured is an extensive gallery history that details all of the exhibitions by every artist and estate presented at David Zwirner, accompanied by archival imagery. With contributions by Richard Shiff and Robert Storr, as well as a foreword by David Zwirner, this publication offers rare insights into the growth of a commercial gallery through its long-term commitment to artists. Art Since 1989 (World of Art) Kelly Grovier, 2015-12-07 An extensive, accessible guide to the most groundbreaking and influential art from 1989 to the present. The years since the collapse of the Berlin Wall in November 1989 have seen the rise of a new freedom to define art. Who makes it? Where can it be found? What is its commercial value, and consequently, the reevaluation of art's place in society? Kelly Grovier surveys the dynamic developments in art practice worldwide since 1989, focusing on artists whose fresh visual vocabulary and innovation reflect these past turbulent decades. The book's ten chapters examine the key themes in contemporary art: portraiture in the age of face transplants and facial recognition software;

political activism science and religion to name a few by artists including Jeff Koons Louise Bourgeois Damien Hirst George Condo Marlene Dumas Sean Scully Cindy Sherman Banksy Ai Weiwei Antony Gormley Christo and Jean Claude Jenny Holzer Chuck Close and Cornelia Parker A chapter length timeline at the end of the book traces the evolution of art from 1989 to today by closely examining one key artwork from each year Illustrated with the work of over 200 key artists Art Since 1989 is a lucid and engaging look at what may prove to be one of the more tempestuous eras in human history if not the history of art

Barbarism and Its Discontents Maria Boletsi, 2013-01-30 Barbarism and civilization form one of the oldest and most rigid oppositions in Western history According to this dichotomy barbarism functions as the negative standard through which civilization fosters its self definition and superiority by labeling others barbarians Since the 1990s and especially since 9 11 these terms have become increasingly popular in Western political and cultural rhetoric a rhetoric that divides the world into forces of good and evil This study intervenes in this recent trend and interrogates contemporary and historical uses of barbarism arguing that barbarism also has a disruptive insurgent potential Boletsi recasts barbarism as a productive concept finding that it is a common thread in works of literature art and theory By dislodging barbarism from its conventional contexts this book reclaims barbarism's edge and proposes it as a useful theoretical tool *Art Schooled* Larry
