Finance Fictions Rebecca A. Adelman, 2018-11-20 In the United States the early years of the war on terror were marked by the primacy of affects like fear and insecurity These aligned neatly with the state s drive toward intensive securitization and an aggressive foreign policy But for the broader citizenry such affects were tolerable at best and unbearable at worst they were not sustainable Figuring Violence catalogs the affects that define the latter stages of this war and the imaginative work that underpins them These affects apprehension affection admiration gratitude pity and righteous anger are far more subtle and durable than their predecessors rendering them deeply compatible with the ambitions of a state embroiling itself in a perpetual and unwinnable war Surveying the cultural landscape of this sprawling conflict Figuring Violence reveals the varied mechanisms by which these affects have been militarized Rebecca Adelman tracks their convergences around six types of beings civilian children military children military spouses veterans with PTSD and TBI Guant namo detainees and military dogs All of these groups have become preferred objects of sentiment in wartime public culture but they also have in common their status as political subjects who are partially or fully unknowable They become visible to outsiders through a range of mediated and imaginative practices that are ostensibly motivated by concern or compassion However these practices actually function to reduce these beings to abstracted figures silencing their political subjectivities and obscuring their suffering As a result they are erased and rendered hypervisible at once Figuring Violence demonstrates that this dynamic ultimately propagates the very militarism that begets their victimization

Lone Stars III Karey Bresenhan, Karoline Patterson Bresenhan, Nancy O'Bryant Puentes, 2011-09-15 This volume which covers 1986 2011 completes the landmark documentation of 175 years of Texas quilt history that the authors began in Lone Stars I and II

Setting the Standard Alex Toth, 2011-08-17 Toth s influence on the art of comic books is incalculable As his generation was the first to grow up with the new 10 cent full color pamphlets he came to the medium with a fresh eye and enough talent and discipline to graphically strip it down its to its bare essentials His efforts reached fruition at Standard Comics creating an entire school of imitators and establishing Toth as the comic book artist s artist Setting the Standard collects this highly influential body of work in one substantial volume Toth began his professional career at fifteen in 1945 for Heroic Comics but quickly advanced to superhero work for DC Responding to the endless criticism of editor Sheldon Mayer and production chief Sol Harrison the young artist strove toward a technique free of showoff surface tricks clutter and distracting picture elements Simply put he learned how to tell a story to the exclusion of all else After falling out with DC in 1952 Toth moved

west He freelanced almost exclusively for Standard over the next two years contributing classic work for its crime horror science fiction and war titles But perhaps most revelatory to the reader will be the romance collaborations with writer Kim Ammodt Toth s personal favorites I came to prefer them for the quieter more credible natural human equations they dealt with emotions subtleties of gesture expression attitude Lone Stars III Karoline Patterson Bresenhan,Nancy O'Bryant Puentes,2012-01-29 From frontier times in the Republic of Texas until today Texans have been making gorgeous quilts Karoline Patterson Bresenhan and Nancy O Bryant Puentes documented the first 150 years of the state s rich heritage of quilt art in Lone Stars A Legacy of Texas Quilts 1836 1936 and Lone Stars II A Legacy of Texas Quilts 1936 1986 Now in Lone Stars III they bring the Texas quilt story into the twenty first century presenting two hundred traditional and art quilts that represent the best of the best quilts created since 1986 The quilts in Lone Stars III display the explosion of creativity that has transformed quilting over the last quarter century Some of the quilts tell stories create landscapes record events and memorialize people Others present abstract designs that celebrate form and color Their makers have embraced machine quilting as well as hand sewing and they often embellish their quilts with buttons beads lace ribbon and even more exotic items Each quilt is pictured in its entirety and some entries also include photographs of quilt details The accompanying text describes the quilt s creation its maker and its physical details With 16 3 million American quilters who spend 3 6 billion annually on their pastime the quilting community has truly become a force to reckon with both artistically and socially Lone Stars III is the perfect introduction to this world of creativity **The Literary World** ,1889 **Federal Government's Handling of Soviet and Communist Bloc Defectors** United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations,1988 The Christian Union Henry Ward Beecher,1881 **The Publishers Weekly** ,1890 *Montgomery Ward Catalogue of 1895* Montgomery Ward & Co.,Montgomery Ward,1969-08-01 Tea gowns bleached damask and yards of flannel and pillow case lace stereoscopes books of gospel hymns and ballroom gems the New Improved Singer Sewing Machine side saddles anti freezing well pumps Windsor Stoves milk skimmers straight edged razors high button shoes woven cane carpet beaters spittoons the Studebaker Road Cart commodes and washstands the Fire Fly single wheel hoe cultivator and plow combined flat irons and ice cream freezers What man woman or child of the 1890s could resist these offerings of the Montgomery Ward catalogue the one book that was read avidly year after year by millions of Americans on farms and in small towns across the nation The Montgomery Ward catalogue provides one of the few irrefutably accurate pictures of what life was really like in the gay nineties for it described and illustrated almost anything that anybody could possibly need or want in the way of store bought goods In fact in that pre department store era it was usually the only source for such goods Imagine if Montgomery Ward had issued an illustrated catalogue in the days of Louis XIV or Elizabeth I or Charlemagne what insights would we have into the daily life of the common folk the farmers and shopkeeper housewives and schoolchildren what sources of information for historians and scholars collectors

and dealers what models for artists and designers In 1895 Montgomery Ward was the oldest largest and most representative mail order house in the country The brainchild of a former traveling salesman it issued its first catalogue in 1872 a one page listing of items By 1895 the catalogue reprinted here had grown to 624 pages and listed some 25 000 items almost all of them illustrated with live drawings Montgomery Ward was by then a multi million dollar business that profoundly affected the American economy and since it reached the most isolated farms and backwoods cabins its effect on American culture was almost as great Now once again available it is our truest most unbiased record of the spirit of the 1890s An introduction on the history of the Montgomery Ward Company and its catalogue has been prepared especially for this edition by Boris Emmet Ph D Johns Hopkins a foremost expert on retail merchandising His monumental work Catalogues and Counters has long been recognized as a landmark in the study of American economic history
