The Individual in the Religions of the Ancient Mediterranean Jörg Rüpke, 2013-08-29 Ancient religions are usually treated as collective and political phenomena and apart from a few towering figures the individual religious agent has fallen out of view Addressing this gap the essays in this volume focus on the individual and individuality in ancient Mediterranean religion Even in antiquity individual religious action was not determined by traditional norms handed down through families and the larger social context but rather options were open and choices were made On the part of the individual this development is reflected in changes in individuation the parallel process of a gradual full integration into society and the development of self reflection and of a notion of individual identity These processes are analysed within the Hellenistic and Imperial periods down to Christian dominated late antiquity in both pagan polytheistic as well as Jewish monotheistic settings The volume focuses on individuation in everyday religious practices in Phoenicia various Greek cities and Rome and as identified in institutional developments and philosophical reflections on the self as exemplified by the Stoic Seneca

Faith Comes by Hearing Christopher W. Morgan, Robert A. Peterson, 2009-09-20 What about those who have never heard The debate swirls and feelings run deep What is the fate of the unevangelized The traditional position that apart from an explicit faith in Jesus no one is saved seems to have fallen out of favor with many evangelicals Here is a passionate but irenic response to the

arguments of those who believe that the unevangelized can or might be saved apart from knowledge of Jesus Christ Building on the insights of others nine scholars introduce readers even those with little background to the ongoing discussion Key questions Is general revelation sufficient Are other religions salvific Do holy pagans exist Must faith be explicit Is exclusivism unjust are probed and answered from a biblical theological and historical perspective The book s positive thrust is summed up by editors Robert Peterson and Christopher Morgan God is passionately engaged in gathering people to know love and worship him from every tribe language people and nation And he has called us to join him on this mission **The Romans**

Ecclesiastical Authority explores the leadership of the church in Acts from a sociological perspective Two primary models emerge from a sociologically informed investigation of first century Greco Roman and Jewish religious leadership manager leader and innovator leader An examination of seven passages in Acts reveals that the leaders of the early church although initially conforming to cultural expectations are best described as innovator leaders whose counter cultural actions resulted in the empowerment of new leaders and the advancement of the gospel Through the use of fictive kinship language the voluntary sharing of authority the fostering of a sense of mutual dependence on God as the common patron and the redefinition of what is honorable the leaders in Acts consistently enabled others to share authority in the church Roman Religion and the Cult of Diana at Aricia C. M. C. Green,2007 The sanctuary dedicated to Diana at Aricia flourished from the Bronze age to the second century CE From its archaic beginnings in the wooded crater beside the lake known as the mirror of Dianea it grew into a grand Hellenistic style complex that attracted crowds of pilgrims and the sick Diana was also believed to confer power on leaders This book examines the history of Diana s cult and healing sanctuary which remained a

significant and wealthy religious center for more than a thousand years It sheds new light on Diana herself on the use of rational as well as ritual healing in the sanctuary on the subtle distinctions between Latin religious sensibility and the more austere Roman practice and on the interpenetration of cult and politics in Latin and Roman history **Empire of the Romans** John Matthews,2021-02-01 Offers a broad range of texts spanning six centuries of imperial Roman history Volume II of Empire of the Romans from Julius Caesar to Justinian Empire of the Romans From Julius Caesar to Justinian Six Hundred Years of Peace and War Volume II Select Anthology is a compendium of texts that trace the main historical changes of the empire over six hundred years from the death of Julius Caesar to the late Middle Ages The second volume of Empire of the Romans from Julius Caesar to Justinian this anthology balances literary texts with other documentary legal and epigraphic sources Acclaimed author John Matthews presents texts that reflect individual first person experiences rather than those from historians outside of the time periods of which they write Each selection includes an introduction annotations on points of interest author commentary and suggestions for further reading Excerpts are organized thematically to help readers understand their meaning without requiring an extensive knowledge of context Six sections running in parallel to the structure and content to Volume I explore the topics such as the building of the empire Pax Romana the new empire of Diocletian and Constantine and barbarian invasions and the fall of the Western Empire Selected texts span a wide array of subjects ranging from political discourse and Roman law to firsthand accounts of battle and military service to the civic life and entertainment of ordinary citizens This volume Covers a vast chronological and topical range Includes introductory essays to each selected text to explain key points present problems of interpretation and guides readers to further literature Balances the different categories and languages of original texts Enables easy cross reference to Volume I Minimizes the use of technical language in favor of plain English forms Whether used as a freestanding work or as a complement to Volume I the Select Anthology is an ideal resource for students in Roman history survey courses as well as interested general readers seeking a wide ranging collection of readings on the subject Scenting Salvation Susan Ashbrook Harvey,2015-08-25 This book explores the role of bodily sensory experience in early Christianity first seventh centuries AD by focusing on the importance of smell in ancient Mediterranean culture Following its legalization in the fourth century Roman Empire Christianity cultivated a dramatically flourishing devotional piety in which the bodily senses were utilized as crucial instruments of human divine interaction Rich olfactory practices developed as part of this shift with lavish uses of incense holy oils and other sacred scents At the same time Christians showed profound interest in what smells could mean How could the experience of smell be construed in revelatory terms What specifically could it convey How and what could be known through smell Scenting Salvation argues that ancient Christians used olfactory experience for purposes of a distinctive religious epistemology formulating knowledge of the divine in order to yield in turn a particular human identity Using a wide array of Pagan Jewish and Christian sources Susan Ashbrook Harvey examines the ancient understanding of smell through

Religion and its History Jörg Rüpke,2021-05-09 Religion and its History offers a reflection of our operative concept of religion and religions developing a set of approaches that bridge the widely assumed gulf between analysing present religion and doing history of religion Religious Studies have adapted a wide range of methodologies from sociological tool kits to insights and concepts from disciplines of social and cultural studies Their massive historical claims which typically idealize and reify communities and traditions and build normative claims thereupon lack a critical engagement on the part of the researchers This book radically rethinks and critically engages with these biases It does so by offering neither an abridged
