saw the bayonet lose its tactical importance becoming smaller and more knife like a trend that continued in the world wars When assault rifles predominated from the 1950s onwards the bayonet became a weapon of last resort Its potential usefulness continued to be recognized but its blade was often combined with an item with some additional function most notably a wire cutter Ultimately for all its fearsome reputation as a visceral close quarter fighting weapon the bayonet s greatest impact was actually as a psychological weapon Featuring full colour artwork as well as archive and close up photographs this is the absorbing story of the complementary weapon to every soldier s firearm from the army of Louis XIV to modern day forces in all global theatres of conflict **The Merck Report** ,1918 *Merck's Report* Theodore Weicker,1918 **Remington's Compiled Statutes of Washington Annotated** Washington (State),Arthur Remington,1922 Moody's Manual of Investments John Sherman Porter,1962 American government securities 1928 53 in 5 annual vols v 1 Railroad securities 1952 53 Transportation v 2 Industrial securities v 3 Public utility securities v 4 Government securities 1928 54 v 5 Banks insurance companies investment trusts real estate finance and credit companies 1928 54
