

RENAULT "HANDS-FREE" CARD: use (3/3)

Locking using the RENAULT card

With the doors and tailgate closed, press button 6: the vehicle will lock.

The hazard warning lights flash twice to indicate that the doors have locked.

Note: the maximum distance at which the vehicle locks depends on the surroundings.

Special Note:

The vehicle will not lock if:

- a door or the tailgate is open or not properly closed;
- a card is still in zone 7 (or in the card reader) and no other card is in the external detection zone.

With the engine running, if, after having opened and closed a door, the card is no longer in the passenger compartment, the message "Keycard not detected" (accompanied by a beep when the speed passes a certain level) warns you that the card is no longer in the vehicle. This avoids you driving away after having dropped off a passenger who has the card, for example.

The warning disappears when the card is detected again.

After locking or unlocking the vehicle doors or the tailgate only, using the buttons on the RENAULT card, hands-free unlocking is deactivated.

To reactivate the "hands-free" mode: restart the vehicle.
