## **Running The Rift:**

Running the Rift Naomi Benaron, 2012-01-01 Rwandan runner Jean Patrick Nkuba dreams of winning an Olympic gold medal and uniting his ethnically divided country only to be driven from everyone he loves when the violence starts after which he must find a way back to a better life      Running the Rift Naomi Benaron, 2025-05-01 Running the Rift follows the progress of Jean Patrick Nkuba from the day he knows that running will be his life to the moment he must run to save his life A naturally gifted athlete he sprints over the thousand hills of Rwanda and dreams of becoming his country's first Olympic medal winner in track But Jean Patrick is a Tutsi in a world that has become increasingly restrictive and violent for his people As tensions mount between the Hutu and Tutsi he holds fast to his dream that running might deliver him and his people from the brutality around them Winner of the Bellwether Prize for Socially Engaged Fiction Naomi Benaron has written a stunning and gorgeous novel that through the eyes of one unforgettable boy explores a country's unraveling its tentative new

beginning and the love that binds its people together      **Shooting the Rift** Alex Stewart, 2016-04-05 DISOWNED IN A HARSH GALAXY Cast out by his family and exiled from the Rimward Commonwealth Simon Forrester must make a new life for himself as an apprentice to the powerful Commerce Guild But others aboard the merchant vessel Stacked Deck have a hidden agenda that might lead directly to interstellar war Now with rising tensions between the Commonwealth and the neighboring League of Democracies threatens to erupt into open war Simon finds himself forced to choose between old and new loyalties with the fate of an empire at stake At the publisher's request this title is sold without DRM Digital Rights

Management      **Ocean Worlds** Jan Zalasiewicz, Mark Williams, 2014-10-24 Oceans make up most of the surface of our blue planet They may form just a sliver on the outside of the Earth but they are very important not only in hosting life including the fish and other animals on which many humans depend but in terms of their role in the Earth system in regulating climate and cycling nutrients As climate change pollution and over exploitation by humans puts this precious resource at risk it is more important than ever that we understand and appreciate the nature and history of oceans There is much we still do not know about the story of the Earth's oceans and we are only just beginning to find indications of oceans on other planets In this book geologists Jan Zalasiewicz and Mark Williams consider the deep history of oceans how and when they may have formed on the young Earth topics of intense current research how they became salty and how they evolved through Earth history We learn how oceans have formed and disappeared over millions of years how the sea nurtured life and what may become of our oceans in the future We encounter some of the scientists and adventurers whose efforts led to our present understanding of oceans And we look at clues to possible seas that may once have covered parts of Mars and Venus that may still exist below the surface on moons such as Europa and Callisto and the possibility of watery planets in other star systems

**Running the Spiritual Path** Roger D. Joslin, 2013-09-17 Running the Spiritual Path is Roger D Joslin's compelling and inspiring guide to making running a spiritual sport Imagine achieving physical fitness and spiritual growth simultaneously Roger Joslin's step by step program is an engaging exploration of his conviction that spiritual well being is as likely to happen while running along the trails of a favorite park as it is within the more traditional settings of neighborhood churches synagogues or mosques Through awareness chants and visualization and through attention to the most evident aspects of the present moment the weather pain or breathing the simple run can become the basis for a profound spiritual practice In Running the Spiritual Path Roger D Joslin combines the insights gathered from thirty years of running with a personal spiritual journey that is guiding him to the priesthood While drawing from and exhibiting an abiding respect for the traditions and sacred practices of the world's great religions the author describes a heretofore unexplored method of sacred running of bringing meditation and a prayerful communion to the running trail

**The Continental Drift Controversy: Volume 4, Evolution into Plate Tectonics** Henry R. Frankel, 2012-04-26 The resolution of the sixty year debate over continental drift culminating in the triumph of plate tectonics changed the very fabric of Earth science This four volume treatise on the continental drift controversy is the first complete history of the origin debate and gradual acceptance of this revolutionary theory Based on extensive interviews archival papers and original works Frankel weaves together the lives and work of the scientists involved producing an accessible narrative for scientists and non scientists alike This fourth volume explains the discoveries in the mid 1960s which led to the rapid acceptance of seafloor spreading theory and how the birth of plate tectonics followed soon after with the geometrification of geology Although plate tectonics did not explain the cause or dynamic mechanism of drifting continents it provided a convincing kinematic explanation that continues to inspire geodynamic research to the present day

**The Longest Race** Ed Ayres, 2013-08-20 It soon becomes clear that this book isn't just about an athletic race It's also about the human race Bloomberg Businessweek Having run in more than six hundred

aces over the span of fifty five years Ed Ayres is a legendary distance runner and this book is his urgent exploration of the connection between individual endurance and a sustainable society The Longest Race begins in 2001 at the starting line of the JFK 50 Mile the nation s oldest and largest ultramarathon and like other such races it s an epic test of human limits and aspiration At age sixty his sights set on breaking the age division record Ayres embarks on a course over the rocky ridge of the Appalachian Trail along the headwind buffeted towpath of the Potomac River and past momentous Civil War sites such as Harpers Ferry and Antietam But even as Ayres focuses on an endurance runner s familiar concerns starting strong and setting the right pace controlling his breathing overcoming fatigue and staying mindful of the course ahead he finds himself as preoccupied with the future of our planet as with the finish line A veteran journalist and environmental editor Ayres reveals how the skills and mindset necessary to complete an ultramarathon are also essential for grappling anew with the imperative to endure not only as individuals but as a society and not just for fifty miles but over the real long haul in a unique meditation that ought to be required reading even for people who have never run a step The Boston Globe He seamlessly moves between discussing running to exploring larger life issues such as why we run our impact on the environment and the effects of the nation s declining physical fitness Thought provoking Booklist To read this book is to run alongside a seasoned athlete a deep thinker and a great storyteller And Ayres doesn t disappoint He is the best kind of running companion generously doling out hilarious stories and hard won insights into performance conditioning and the human condition His lifetime of ultra running and environmental writing drive his exploration of what keeps us running long distances and what it might take to keep the planet from being run into the ground Nature Conservancy magazine **The Hunters** John
