

## Managing Beverage Production

A restaurant that offers alcoholic beverages to their customers takes on added obligations and responsibilities when providing these beverages to the public. From maintaining a license to serve alcohol, to purchasing product, and serving alcohol, there are many aspects you will be responsible for managing.

### BEVERAGE PURCHASING

As the manager you have a responsibility to create a beverage purchasing plan to ensure uninterrupted supply of beverages. When developing this plan you should be asking yourself:

- What bar products and supplies do you serve?
- What products are needed and how much?
- What is the desired quality level of the products served?
- Who are the suppliers that provide the best value?
- How frequently do I need to place the order?
- Who will place the order?

### BEVERAGE STORAGE

The basic principles to beverage storage are:

- Restrict access to the storage area to limit possible theft.
- Keep all beverage areas locked.
- Minimize the amount of storage kept at the bar.
- Have a designate person responsible for issuing additional product to the bar area.
