Redeem Sunday School Manual 2015:

Christianity and Controversies over Homosexuality in Contemporary Africa Ezra Chitando,Adriaan van Klinken,2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them Complementing the companion volume Public Religion and the Politics of Homosexuality in Africa this book investigates Christian politics and discourses on homosexuality in sub Saharan Africa The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity social justice and human rights in contemporary Africa Transnational Religious Spaces Philip Clart,Adam Jones,2020-07-06 This volume bringing together work by scholars from Europe East Asia North America and West Africa investigates transnational religious spaces in a comparative manner by juxtaposing East Asian and African examples It highlights flows of ideas actors and organizations out of into or within a given continental space These flows are patterned mainly by colonialism or migration The book also examines cases where the transnational space in question encompasses both East Asia and Africa notably in the development of Japanese new religions in Africa Most of the studies are located in the present a few go back to the late nineteenth century The volume is rounded off by Thomas Tweed s systematic reflections on categories for the study of transnationalism his chapter Flows and Dams critically weighs the metaphorical language we use to think speak and write about transnational religious spaces **The Graded Sunday School in Principle and Practice** Henry Herman Meyer,1910 **The Churchman's Manual of Methods** Alford Augustus Butler,1915 *Now That I Am Changed* Sophia Cousins-Williams,2019-05-24 Bible study or Sunday school classes should always be well organized and structured to ensure that optimum learning is achieved New converts are often the most vulnerable especially if they are from unchurched backgrounds Now That I Am Changed will provide a structured basis to guide the teaching learning environment for the new convert and for the Christian who needs further clarity on particular doctrinal or practical commitments Sophia is a trained teacher and counsellor with specialist emphasis in Aggression Replacement therapy Addictions and Domestic Violence counselling She works full time helping persons in conflict with the law She serves her local church in the capacity of Sunday school teacher and member of the Deacons Board She is a wife and a mother of two daughters She is passionate about sound spiritual instruction being the foundation for growth and development in the body of Christ Hence she is guided in her
