Representing Religion in Film Tenzan Eaghll, Rebekka King, 2022-06-30 This is the first full length exploration of the relationship between religion film and ideology It shows how religion is imagined constructed and interpreted in film and film criticism The films analyzed include The Last Jedi Terminator Cloud Atlas Darjeeling Limited Hellboy The Revenant Religulous and The Secret of my Success Each chapter offers an explanation of the particular representation of religion that

appears in film a discussion of how this representation has been interpreted in film criticism and religious studies scholarship an in depth study of a Hollywood or popular film to highlight the rhetorical social and political functions this representation accomplishes on the silver screen a discussion about how such analysis might be applied to other films of a similar genre Written in an accessible style and focusing on Hollywood and popular cinema this book will be of interest to both movie lovers and experts alike *New Mexico Filmmaking* Jeff Berg,2015-11-16 The moderate climate and majestic western landscapes of New Mexico make it an enchanting locale for the motion picture industry Thomas A Edison s crew shot the very first film in the state at the Isleta Indian Pueblo in 1897 Silent era icons like directors Romaine Fielding and Tom Mix shortly followed to take over the small town of Las Vegas setting the stage for an explosion of western movies Today New Mexico s generous incentive programs and quality facilities make it one of the top filming destinations in the country attracting big projects like the Academy Award winning *No Country for Old Men* and AMC s critically acclaimed television series *Breaking Bad* In this comprehensive volume local author and film historian Jeff Berg explores the history and legacy of New Mexico on the big screen *Narcomedia* Jason Ruiz,2023-10-10 Exploring representations of Latinx people from *Scarface* to *Narcos* this book examines how pop culture has framed Latin America as the villain in America s long and ineffectual War on Drugs **Who Gets to Be Indian?** Dina Gilio-Whitaker,2025-10-07 An investigation into how Native American identity became a commodity from cultural appropriation to ethnic fraud to disenrollment Settler capitalism has been so effective that the very identities of Indigenous people have been usurped misconstrued and weaponized In *Who Gets to Be Indian* scholar and writer Dina Gilio Whitaker Colville Confederated Tribes explores how ethnic fraud and the commodification of Indianness has resulted in mass confusion about what it means to be Indigenous in the United States As an entry point to the seemingly intractable problem of ethnic fraud Gilio Whitaker critically looks to the film industry including a case study of Sacheen Littlefeather who is most known as the Native American woman that rejected an Oscar on behalf of Marlon Brando in 1973 though later revealed she was not who she said she was Gilio Whitaker argues that this pretendian phenomenon originated in Southern California when the United States was forcing assimilation of Indians into white America culturally but also into its capitalist economic system With Indianness becoming a marketized commodity in the Hollywood film business the field became open to anyone who could convincingly adopt an Indian persona Deeply researched using socio historical analysis Gilio Whitaker offers insights from her own experiences grappling with identity to provide clarity and help readers understand how the commodification of Indianness have ultimately left many people of legitimate American Indian heritage to be disconnected from their tribes Personal and compelling Gilio Whitaker takes settler capitalism to task and helps us better understand how we got here in order to counteract the abuses of pretendianism and disenrollment *American Road Narratives* Ann Brigham,2015-06-29 The freedom to go anywhere and become anyone has profoundly shaped our national psyche Transforming our sense of place and identity whether in terms of social and

economic status or race and ethnicity or gender and sexuality American mobility is perhaps nowhere more vividly captured than in the image of the open road From pioneer trails to the latest car commercial the road looms large as a form of expansiveness and opportunity Too often it is the celebratory idea of the road as a free floating zone moving the traveler beyond the typical concerns of space and time that dominates the discussion Rather than thinking of mobility as an escape from cultural tensions however Ann Brigham proposes that we understand mobility as a mode of engagement with them She explores the genre of road narratives to show how mobility both thrives on and attempts to manage shifting conflicts about space and society in the United States From the earliest transcontinental automobile narratives from the 1910s through classics like Jack Kerouac's *On the Road* and the film *Thelma Louise* up to post 9/11 narratives Brigham traces the ways in which mobility has been imagined created and interrogated over the past century and shows how mobility promises and threatens to incorporate the outsider and to blur boundaries Bringing together textual and cultural analysis theories of spatiality and sociohistorical frameworks this book offers an invigoratingly different view of mobility and a new understanding of the road narrative's importance in American culture Choice Outstanding Academic Title from American Library Association Unreconciled Jesse Wenté, 2021-09-21 NATIONAL BESTSELLER WINNER of the 2022 Rakuten Kobo Emerging Writer Prize for Non Fiction SHORTLISTED for the 2023 Speaker's Book Award A GLOBE AND MAIL BEST BOOK OF THE YEAR *Unreconciled* is one hell of a good book Jesse Wenté's narrative moves effortlessly from the personal to the historical to the contemporary Very powerful and a joy to read Thomas King author of *The Inconvenient Indian* and *Sufferance* A prominent Indigenous voice uncovers the lies and myths that affect relations between white and Indigenous peoples and the power of narrative to emphasize truth over comfort Part memoir and part manifesto *Unreconciled* is a stirring call to arms to put truth over the flawed concept of reconciliation and to build a new respectful relationship between the nation of Canada and Indigenous peoples Jesse Wenté remembers the exact moment he realized that he was a certain kind of Indian a stereotypical cartoon Indian He was playing softball as a child when the opposing team began to war whoop when he was at bat It was just one of many incidents that formed Wenté's understanding of what it means to be a modern Indigenous person in a society still overwhelmingly colonial in its attitudes and institutions As the child of an American father and an Anishinaabe mother Wenté grew up in Toronto with frequent visits to the reserve where his maternal relations lived By exploring his family's history including his grandmother's experience in residential school and citing his own frequent incidents of racial profiling by police who'd stop him on the streets Wenté unpacks the discrepancies between his personal identity and how non Indigenous people view him Wenté analyzes and gives voice to the differences between Hollywood portrayals of Indigenous peoples and lived culture Through the lens of art pop culture and personal stories and with disarming humour he links his love of baseball and movies to such issues as cultural appropriation Indigenous representation and identity and Indigenous narrative sovereignty Indeed he argues that storytelling in all its forms is one of Indigenous

peoples best weapons in the fight to reclaim their rightful place Wente explores and exposes the lies that Canada tells itself unravels the two founding nations myth and insists that the notion of reconciliation is not a realistic path forward Peace between First Nations and the state of Canada can't be recovered through reconciliation because no such relationship ever existed
