

PHARMACIST LETTER OF RECOMMENDATION SAMPLE

To the Admissions Board for Georgia State School of Pharmacy:

It is with great pleasure that I submit this pharmacist letter recommendation sample for Ms. Julia Frank, an excellent undergraduate senior who I believe will make an excellent Pharmacist in the future. I have known Ms. Frank for the past three years, and over that time, she has demonstrated not only significant skills in the pharmacological sciences, but also a dedication to medicine and community wellness that I believe makes her perfectly qualified for a position in the entering class. She is an excellent student that I am sure will make great contributions to the field and in patient lives in the future.

I first got to know Ms. Frank when she was a sophomore taking my Biochemistry course. Although the course average usually runs about 62% and requires me to curve the grades, Ms. Frank consistently scored well above average, and demonstrated her mastery of the concepts when she asked to join my lab at the end of her second year. I typically only take graduate students, but as her academic track record was so excellent and she seemed genuinely committed, I allowed her to join. Over the time in my lab, she proved herself to be just as productive as a graduate student, publishing two papers in the Journal of Pharmacology.

Not only are her research skills impressive, she is also a highly friendly person who keeps others in mind at all times. She was always the first to volunteer to help someone take care of an experiment when the need arose, and also volunteers an afternoon each week to mentoring middle school students in science and math courses. I believe that her compassion and strength of knowledge will make her an excellent Pharmacist in the future, one who understands the needs of the community and her patients. I highly recommend her to you without any reservations.

Sincerely,

Robert Jones, PhD
Professor of Biochemistry
