Content Area Literacy John E. Readence, Thomas W. Bean, R. Scott Baldwin, 2004

The Routledge Companion to International Children's Literature John Stephens, 2017-09-11 Demonstrating the aesthetic cultural political and intellectual diversity of children's literature across the globe The Routledge Companion to International Children's Literature is the first volume of its kind to focus on the undervisited regions of the world With particular focus on Asia Africa and Latin America the collection raises awareness of children's literature and related media as they exist in large regions of the world to which mainstream European and North American scholarship pays very little attention Sections cover Concepts and theories Historical contexts and national identity Cultural forms and children's texts Traditional story and adaptation Picture books across the majority world Trends in children's and young adult literatures Exposition of the literary cultural and historical contexts in which children's literature is produced together with an exploration of intersections between these literatures and more extensively researched areas will enhance access and understanding for a large range of international readers The essays offer an ideal introduction for those newly approaching literature for children in specific areas looking for new insights and interdisciplinary perspectives or interested in directions for future scholarship

The

Oxford Handbook of Children's Rights Law Jonathan Todres, Shani M. King, 2020-02-19 Children's rights law is a relatively young but rapidly developing discipline. The U N Convention on the Rights of the Child, the field's core legal instrument, is the most widely ratified human rights treaty in history. Yet like children themselves, children's rights are often relegated to the margins in mainstream legal, political, and other discourses despite their application to approximately one third of the world's population and every human being's first stages of life. Now thirty years old, the Convention on the Rights of the Child (CRC) signalled a definitive shift in the way that children are viewed and understood from passive objects subsumed within the family to full human beings with a distinct set of rights. Although the CRC and other children's rights law have spurred positive changes in law, policies, and attitudes toward children in numerous countries, implementation remains a work in progress. We have reached a state in the evolution of children's rights in which we need more critical evaluation and assessment of the CRC and the large body of children's rights law and policy that this treaty has inspired. We have moved from conceptualizing and adopting legislation to focusing on implementation and making the content of children's rights meaningful in the lives of all children. This book provides a critical evaluation and assessment of children's rights law, including the CRC. With contributions from leading scholars and practitioners from around the world, it aims to elucidate the content of children's rights law, explore the complexities of implementation, and identify critical challenges and opportunities for children's rights law. *The Department of Labor's ... Findings on the Worst Forms of Child Labor*, 2004 **The**

Rotarian, 2003-04 Established in 1911, *The Rotarian* is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about or of interest to Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners, from Mahatma Gandhi to Kurt Vonnegut Jr, have written for the magazine.

Childhood and Children's Books in Early Modern Europe, 1550-1800 Andrea Immel, Michael Witmore, 2013-11-05 This volume of 14 original essays by historians and literary scholars explores childhood and children's books in Early Modern Europe, 1550-1800. The collection aims to reposition childhood as a compelling presence in early modern imagination, a ready emblem of innocence, mischief, and playfulness. The essays offer a wide-ranging basis for reconceptualizing the development of a separate literature for children as central to evolving early modern concepts of human development and socialization. Among the topics covered are constructs of literacy as revealed by the figure of Goody Two Shoes, notions of pedagogy and academic standards, a reception study of children's reading based on book purchases made by Rugby school boys in the late eighteenth century, an analysis of the first international best seller for children, the abbe Pluche's *Spectacle de la nature*, and the commodification of child performers in Jacobean comedies. **The Routledge International Handbook of Children, Adolescents and Media** Dafna Lemish, 2013-07-18 The roles that media play in the lives of children and adolescents, as well as their potential implications for their cognitive, emotional, social, and behavioral development, have attracted growing research attention in a variety of disciplines. *The Routledge International Handbook of Children, Adolescents and Media*

analyses a broad range of complementary areas of study including children as media consumers children as active participants in media making and representations of children in the media The handbook presents a collection that spans a variety of disciplines including developmental psychology media studies public health education feminist studies and the sociology of childhood Essays provide a unique intellectual mapping of current knowledge exploring the relationship of children and media in local national and global contexts Divided into five parts each with an introduction explaining the themes and topics covered the handbook features 57 new contributions from 71 leading academics from 38 countries Chapters consider vital questions by analyzing texts audience and institutions including the role of policy and parenting in regulating media for children the relationships between children s on line and off line social networks children s strategies of resistance to persuasive messages in advertising media and the construction of gender and ethnic identities The Handbook s interdisciplinary approach and comprehensive international scope make it an authoritative state of the art guide to the nascent field of Children s Media Studies It will be indispensable for media scholars and professionals policy makers educators and parents *Routledge International Handbook of Children's Rights Studies* Wouter Vandenhoe, Ellen Desmet, Didier Reynaert, Sara Lembrechts, 2015-03-24 Since the adoption of the UN Convention on the Rights of the Child 1989 children s rights have assumed a central position in a wide variety of disciplines and policies This handbook offers an engaging overview of the contemporary research landscape for those people in the theory and practice of children s rights The volume offers a multidisciplinary approach to children s rights as well as key thematic issues in children s rights at the intersection of global and local concerns The main approaches and topics within the volume are Law social work and the sociology of childhood and anthropology Geography childhood studies gender studies and citizenship studies Participation education and health Juvenile justice and alternative care Violence against children and female genital mutilation Child labour working children and child poverty Migration indigenous children and resource exploitation The specially commissioned chapters have been written by renowned scholars and researchers and come together to provide a critical and invaluable guide to the challenges and dilemmas currently facing children s rights *Wisconsin Library Bulletin* ,1953

Military Training And Children In Armed Conflict Jenny Kuper, 2005 During recent armed conflicts such as those in Iraq the former Yugoslavia and Rwanda public attention was repeatedly caught by images of children both as civilians and as soldiers Those conflicts like so many others were vivid reminders that where there is armed conflict there are also almost always children Soldiers and officers fulfil many roles in relation to such children sometimes as combatants sometimes as humanitarian workers sometimes as protectors and or sometimes as enemies and abusers This book aims to address three main questions what are the obligations of officers of national armed forces in relation to children either civilians or combatants whom they or those under their command may encounter while participating in situations of armed conflict How realistic and achievable are these obligations How can compliance with them be encouraged monitored and or enforced The

book examines these questions in the context of military training In doing so it has another inextricably linked aim to see if there are ways in which the training of officers can improve the protection of children in armed conflict situations in accordance with international law and policy It is intended for use particularly by those involved in training of national armed forces including officers themselves and members of governments non governmental organisations NGOs and inter governmental organisations It is hoped that it will also be of interest to lawyers academics and others concerned with child rights and related law and policy It contains examples of actual training materials that can be modified for use in different countries and contexts

Research in Education ,1973-12 **Białystok Law Books 1 Fundamental Rights Protection In The Council Of Europe: The Role Of The European Court Of Human Rights** Iwona Wrońska,

Library Journal Melvil Dewey,Richard Rogers Bowker,L. Pylodet,Charles Ammi Cutter,Bertine Emma Weston,Karl Brown,Helen E. Wessells,1908 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Issued also separately **Resources in**

Education ,2001-04 **The Jewish Educational Leader's Handbook** Robert E. Tornberg,1998 Classroom teaching it addresses supplementary school settings and features a Noticeably larger section devoted to the growing day school sector

Journal of the National Education Association ,1924 **The Development of Disability Rights Under International Law** Arlene S. Kanter,2014-11-27 The adoption of the Convention on the Rights of People with Disabilities CPRD by the United Nations in 2006 is the first comprehensive and binding treaty on the rights of people with disabilities It establishes the right of people with disabilities to equality dignity autonomy full participation as well as the right to live in the community and the right to supported decision making and inclusive education Prior to the CRPD international law had provided only limited protections to people with disabilities This book analyses the development of disability rights as an international human rights movement Focusing on the United States and countries in Asia Africa the Middle East the book examines the status of people with disabilities under international law prior to the adoption of the CPRD and follows the development of human rights protections through the convention s drafting process Arlene Kanter argues that by including both new applications and entirely new approaches to human rights treaty enforcement the CRPD is significant not only to people with disabilities but also to the general development of international human rights by offering new human rights protections for all people Taking a comparative perspective the book explores how the success of the CRPD in achieving protections depends on the extent to which individual countries enforce domestic laws and policies and the changing public attitudes towards people with disabilities This book will be of excellent use and interest to researchers and students of human rights law discrimination and disability studies

Enjoying the Beat of Term: An Psychological Symphony within **Regional Convention Notebooks For Children**

In a world consumed by monitors and the ceaseless chatter of instantaneous connection, the melodic splendor and mental symphony produced by the prepared word often disappear into the backdrop, eclipsed by the relentless sound and distractions that permeate our lives. However, located within the pages of **Regional Convention Notebooks For Children** a charming fictional treasure full of natural thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that captivating masterpiece conducts viewers on an emotional trip, skillfully unraveling the hidden songs and profound impact resonating within each carefully constructed phrase. Within the depths with this touching examination, we shall investigate the book is central harmonies, analyze its enthralling writing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
