**FOR IMMEDIATE RELEASE**

## **KUCCPS extends application deadline for Placement to Universities and Colleges**

***Nairobi, February 16, 2024***

The Kenya Universities and Colleges Central Placement Service (KUCCPS) opened application for placement of students to universities and colleges on February 7, 2024. The application targets the 2023 Kenya Certificate of Secondary Education (KCSE) candidates and Form Four leavers from other years to 2000.

Only the 2023 candidates can apply for degree programmes in universities. Those from all other years can apply for courses offered at the Open University of Kenya, Technical and Vocational Education and Training (TVET) institutions, Teacher Training Colleges and the Kenya Medical Training College.

**In the spirit of ensuring that no one is left behind, KUCCPS has extended the application deadline to February 26, 2024.**

The number of applicants selecting degree programmes is higher than those applying for TVET courses so far. KUCCPS encourages those with mean grades between C and E to take advantage of the available TVET opportunities.

Particularly, applicants with D+ and E are still very low and we are encouraging them to apply. They should walk into their nearest TVET institution for assistance.

We have implemented measures to ensure that applicants are adequately supported. In addition, we are working with Huduma Centres and various universities and colleges to guide applicants. A list of the support centres is available on the KUCCPS website [www.kuccps.ac.ke](http://www.kuccps.ac.ke).

Therefore, I take this opportunity to assure all those seeking training opportunities through the KUCCPS portal that no one will be left behind.

Awarded the 2025 The Best Book Award by The Society of Africanist Archaeologists. Global education monitoring report, 2019 UNESCO, 2018-12-03. The Report examines the education impact of migration and displacement across all population movements within and across borders, voluntary and forced, for employment and education. It also reviews progress on education in the 2030 Agenda for Sustainable Development. In view of increasing diversity, the report analyses how education can build inclusive societies and help people move beyond tolerance and learn to live together. *University-industry Linkage in Kenya*, 2002. Refugee Solutions in the Age of Global Crisis David K. Androff, 2022. Refugee Solutions in the Age of Global Crisis tackles the world's three main policies for addressing refugee crises: voluntary repatriation, local integration, and third country resettlement. These policies were set up by the UN in the aftermath of World War II and they have not been updated since. In fact, they have been slowly breaking down. Using detailed contemporary case studies, this book analyzes these policies from a social work perspective with special attention to human rights, integration, and sustainable development. **Higher Education and SDG4** Tawana Kupe, 2024-12-02. Calling for intentional, inclusive, and above all, immediate action, this collection cuts through the dynamic education landscape to highlight its material contribution and actions needed to achieve Quality Education. Revolution of the Right to Education A. Reis Monteiro, 2021-07-19. The author argues in his essay on the Revolution of the Right to Education that the birth of the human right to education after a millennia-long gestation has opened up a new chapter in the History of Education. Moreover, its normative, jurisprudential, doctrinal, and programmatic developments are constituents of an International Education Law that is now the highest source in the hierarchy of the contemporary normativity on education to which the Education Law in States Parties should conform. Therefore, it should be recognised and studied as a new legal and educational discipline, the source of principles of legitimacy and quality of education. This book offers an interdisciplinary and topical introduction to the International Education Law broadly defined. It explains in what ways the normative integrity of the right to education carries far-reaching revolutionary significance, corollary of the Revolution of Human Rights and the Revolution of the Rights of the Child. *Science Research and Education in Africa* Alain L. Fymat, Joachim Kapalanga, 2017-03-07. For various economic and political reasons, many African countries lag behind the rest of the industrialised world in scientific and medical research and development. However, the presence of intellectual islands scattered across the continent gives hope that this is only a transient situation on the cusp of undergoing a profound and beneficial change. For this reason, the Society for the Advancement of Science in Africa was established to catalyse and contribute to this needed evolution. Its mission is to contribute to Africa's economic advancement and sustainability through science research, education, and innovation. This book provides a selection of papers from the Advancement of Science in

Africa's third annual conference The conference was held under the overarching theme of science research and education in Africa with several important sub themes including but not limited to improving health research and disease surveillance education epidemic diseases with high mortality promoting women's interest in science careers fostering youth development with science education The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science research and education in Africa
