

Sample Reflective Essay

Author: Nekisa Mahzad

I have been a student at California State University Channel Islands (CI) for 5 semesters, and over the course of my stay I have grown and learned more than I thought possible. I came to this school from Moorpark Community College already knowing that I wanted to be an English teacher; I had taken numerous English courses and though I knew exactly what I was headed for-was I ever wrong. Going through the English program has taught me so much more than stuff about literature and language, it has taught me how to be me. I have learned here how to write and express myself, how to think for myself, and how to find the answers to the things that I don't know. Most importantly I have learned how important literature and language are.

When I started at CI, I thought I was going to spend the next 3 years reading classics, discussing them and then writing about them. That was what I did in community college English courses, so I didn't think it would be much different here. On the surface, to an outsider, I am sure that this is what it appears that C.I. English majors do. In most all my classes I did read, discuss, and write papers; however, I quickly found out that that there was so much more to it. One specific experience I had while at C.I. really shows how integrated this learning is. Instead of writing a paper for my final project in Perspectives of Multicultural Literature (ENGL 449), I decided with a friend to venture to an Indian reservation and compare it to a book we read by Sherman Alexie. We had a great time and we learned so much more that we ever could have done from writing a paper. The opportunity to do that showed me that there are so many ways that one can learn that are both fun and educational.

The English courses also taught me how powerful the written word and language can be. Words tell so much more than a story. Stories tell about life and the human condition, they bring up the past and people and cultures that are long gone. Literature teaches about the self and the world surrounding the self. From these classes I learned about the world, its people and its history; through literature I learned how we as humans are all related. By writing about what we learn and/or what we believe, we are learning how to express ourselves.

I know that my ability to write and express my ideas, thoughts and knowledge has grown stronger each semester. I have always struggled to put my thoughts on paper in a manner that is coherent and correct according to assignments. I can remember being told numerous times in community college to "organize your

Reflection Paper Example Essays:

The Humble Essay Roy K. Humble, 2023-04-01 The Humble Essay is so much more than a writing textbook. It gives you tools, tips, and tricks that actually explain what a writer does. It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires. This book is more like a friend. It's the kind of friend that will coach you through a tough time and encourage you, and it will make you laugh while you go through it. It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again. Roy K. Humble is the kind of writing teacher who understands the struggle of learning how to write like a college student and doesn't just tell you what you want to hear. His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be. He writes to students in language they can understand without becoming English majors and with just enough humor to keep them reading. He writes for faculty, moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes. Perhaps most importantly, Humble understands that the price of a book matters to students, so his books are affordable. From every perspective, Humble gets it. The Humble Essay has students covered on these important topics: Understanding the college essay as an idea, Grasping the stages of the writing process, Organizing the college essay around cohesive paragraphs, Thinking for yourself as a college student, Gathering and synthesizing sources and information, Guiding readers through a thoughtful college essay.

Think Write Nigel Ajay Kumar, 2022-01-10 Think Write is a comprehensive critical thinking, research methodology, and academic writing handbook. It is designed to aid students to understand and meet the varied expectations of higher theological studies. Concepts such as critical thinking, theological thinking, problem statement, primary question, methodology, plagiarism, citation format can all be difficult to grasp. This book explains each of these in a way that would make sense to MTh and PhD students from the various theological departments. Along with advice to enhance academic research and reading, practical suggestions are offered to improve research assignments, Thesis Proposals, and dissertations. Included is a citation guide based on the Chicago Manual of Style.

Teaching Middle School Physical Education Bonnie S. Mohnsen, 2008 This text describes how to create a programme that addresses the specific needs and capabilities of middle school students while helping them through the transition from childhood to young adulthood. This edition is fully updated and revised.

Writing Theology Well Lucretia B. Yaghjian, 2006-11-24 In its creative integration of the disciplines of writing, rhetoric, and theology, Writing Theology Well provides a standard text for theological educators engaged in the teaching and mentoring of writing across the theological curriculum. As a theological rhetoric, it will also encourage excellence in theological writing in the public domain by helping to equip students for their wider vocations as writers, preachers, and communicators in a variety of ministerial and professional contexts.
