

Registered Nurse Career Research

5 pages | 1082 words

Ever since I was a little girl I always wanted to be a nurse and help people who were ill. As I got older, I got more information and decided that I wanted to become a Registered Nurse (RN). Registered nurses care for patients and educate them on health issues to prevent future illnesses. Along with technical skills necessary for the medical profession, registered nurses must have people skills to work closely with patients and their families. Becoming a RN entails formal education from a state-approved nursing school and state licensure.

There are generally three educational approaches to becoming a registered nurse. Registered nurses usually train by completing a bachelor's or associate's degree program in nursing. Less commonly, registered nurses prepare for the occupation by earning a diploma in nursing. Graduates of any of these programs are generally eligible for licensure and entry-level employment as registered nurses. Nursing students may choose from a variety of education options to become a registered nurse. Some teaching hospitals offer 3-year diploma programs in nursing; however, these programs are rare. Most RN's earn associate degrees or bachelor's degrees in nursing.

The skills needed for this job are people skills, emotional stability, CPR, First Aid and a second language would also help. I plan on taking French throughout the university so I'll be considered trilingual and I plan on updating my CPR and First Aid yearly. San Diego City College's nursing education program offers associate's degrees for students who want to become RNs, as well as a program for LVNs seeking RN certification but not the degree. Students learn through classroom study and clinical experience in health care facilities. It will take two years with open admission and the tuition for in-state is \$898. San Diego State University's School of Nursing offers programs that train entry-level RNs as well as provide working professionals with advanced studies to continue their education and careers. All bachelor's degree students must take part in an international learning experience. It's a four years with a 30% acceptance rate and the tuition for in-state is \$6,578.

There are four general duties a RN does on a daily basis. The first duty is evaluating a patient's physical, mental and emotional health. Also an RN's job is to take vital signs. The second duty is designing and carrying out a treatment plan for the patient. Also bandaging wounds, giving medicine and injections that need to be given. The third duty is to monitor the results of the patient's treatment to make sure it's working and the patient is happy with it. Also a RN tells patients about they're medical options and health issues such as nutrition and personal hygiene. The last duty is to complete and organize records about the patients. RN's job opportunities are in hospitals, nursing homes, clinics and basically any public health building. Also there are many organizations that recruit nurses to go to other countries.

England and the U.S are two of the many countries that do this. The salary for a full-time nurse is \$35,000 to \$60,000 a year. Benefits...

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Registered Nurse Research Paper eBooks, including some popular titles.

FAQs About Registered Nurse Research Paper Books

What is a Registered Nurse Research Paper PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Registered Nurse Research Paper PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Registered Nurse Research Paper PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Registered Nurse Research Paper PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Registered Nurse Research Paper PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
