The Hidden Face Ida Friederike Görres, 2009-09-03 This study of the life and character of Therese of Lisieux is a remarkable penetrating and fascinating search for the truth behind one of the most astounding religious figures of modern times A young nun who entered a convent at fifteen and died at twenty four ThTrFse roused an incredible storm of spontaneous veneration only a few months after her death and has been called by one Pope as the greatest saint of the modern times Countless images of the sweetly smiling saint flooded the world But who was she really The Hidden Face has sprung from this question It presents the true Therese as objectively as possible and gives a convincing interpretation of her sainthood It is a book not for Catholics alone but for anyone fascinated by the force of spirituality by the incalculable effects of what Pascal called the greatness of the human soul It opens the cloistered world of the Carmel takes off the sugar coating and reveals the stark drama behind convent walls the tension between personalities the daily details of conventual life And it throws light on the tremendous purifying process that turned the pampered darling into a saint of heroic virtue The work of a mind of rare intelligence and integrity this book is unique among the lives of saints First published in Germany in 1944 the original is now in its eighth edition This first English translation is based on a new revised version using the latest edition of the saint s writings Ida Friederike Goerres is the author of several outstanding works on sanctity including *The Nature of Sanctity* and *The Cloister and the World* The Hidden Face is considered her most important work *Face it* Polycarp, 2012

Veiled Desires Maureen Sabine, 2013-08 *Veiled Desires* is the first full length study of the film nun to trace the shifting features of her screen representation in twelve or more postwar films that span a sixty year period It not only situates them within the changing history of modern women religious but employs an inter disciplinary perspective to argue that the film nun projects a complex and often vexed portrait of both traditional religious and modern female desires *The Bankruptcy - A Novel by Júlia Lopes de Almeida* Júlia Lopes de Almeida, 2023 Set in the early years of the Old Republic after the abolition of slavery J lia Lopes de Almeida s *The Bankruptcy* depicts the rise and fall of a wealthy coffee exporter against a kaleidoscopic background of glamour poverty seduction and financial speculation The novel introduces readers to a turbulent period in Brazilian history seething with new ideas about democracy women s emancipation and the role of religion in society Originally published in 1901 its prescient critiques of financial capitalism and the patriarchal family remain relevant today In her lifetime J lia Lopes de Almeida was compared to Machado de Assis the most important Brazilian writer of the nineteenth century She was also considered for the inaugural list of members of the Brazilian Academy of Letters but was excluded because of her gender In the decades after her death her work was largely forgotten This publication a winner of the English PEN award marks the first novel length translation of Almeida s writing into English including an Introduction to the novel and a Translators Preface and accompanies a general rediscovery of her extraordinary body of work in Brazil *Spiritual Traditions and the Virtues* Mark R. Wynn, 2020-06-30 *Spiritual Traditions and the Virtues* develops a philosophical

appreciation of the spiritual life The book shows how a certain conception of spiritual good one that is rooted in Thomas Aquinas's account of infused moral virtue can generate a distinctive vision of human life and the possibilities for spiritual fulfillment Wynn examines the character of the goods to which spiritual traditions are directed the structure of such traditions including the connection between their practical and creedal commitments the relationship between the various vocabularies that are used to describe from the insider's perspective progress in the spiritual life the significance of tradition as an epistemic category and the question of what it takes for a spiritual tradition to be handed on from one person to another In his account of the virtues Aquinas shows how our relations to the everyday world can be folded into our relationship to the divine or sacred reality otherwise conceived In this sense he offers a vision of how it is possible to live between heaven and earth *Spiritual Traditions and the Virtues* considers how that vision can be extended across the central domains of human thought and experience and how it can deepen and diversify our understanding of what it is for a human life to be lived well

Beyond Betrayal Patricia Ewick, Marc W. Steinberg, 2019-08-21 In 2002 the national spotlight fell on Boston's archdiocese where decades of rampant sexual misconduct from priests and the church's systematic cover ups were exposed by reporters from the Boston Globe The sordid and tragic stories of abuse and secrecy led many to leave the church outright and others to rekindle their faith and deny any suggestions of institutional wrongdoing But a number of Catholics vowed to find a middle ground between these two extremes keeping their faith while simultaneously working to change the church for the better *Beyond Betrayal* charts a nationwide identity shift through the story of one chapter of Voice of the Faithful VOTF an organization founded in the scandal's aftermath VOTF had three goals helping survivors of abuse supporting priests who were either innocent or took risky public stands against the wrongdoers and pursuing a broad set of structural changes in the church Patricia Ewick and Marc W Steinberg follow two years in the life of one of the longest lived and most active chapters of VOTF whose thwarted early efforts at ecclesiastical reform led them to realize that before they could change the Catholic Church they had to change themselves The shaping of their collective identity is at the heart of *Beyond Betrayal* an ethnographic portrait of how one group reimaged their place within an institutional order and forged new ideas of faith in the wake of widespread distrust **English Mechanic and Mirror of Science**, 1882 **English Mechanic and World of Science**, 1884
