Case Number: 010147858

Date: 13 August 2013

Reporting Officer: Deputy Jones

Prepared By: CPL Stevens

Incident Type: Robbery

Address of Occurrence: 557 Maple Street, Manchester, NH 03104

Witnesses:

Alan Perez: Store owner. Male, 43, Latino

Michael Tully: Employee. Male, 21, African American

Andrea Chao: Customer. Female, 27, Asian American

Evidence:

Closed-circuit surveillance footage

Fingerprints (taken from counter)

Footprint (size 10 Nike Air, found in drying paint)

Weapon/Objects Used: Pistol/Firearm

On August 13, 2013, at approximately 17:38, two unidentified males entered a 7-Eleven convenience store and stole \$232 from the register at gunpoint. The store's security camera recorded the incident as one man pointed a handgun at store owner Alan Perez while the other man gestured threateningly while demanding that Perez give him the money from the register. "Two guys came in with masks and a gun," Perez said in his witness statement, "and one started yelling at us to give him the money." Perez was running the store with the help of Michael Tully, his employee. Tully described the suspects as middle-aged, white, both wearing leather jackets, jeans, and ski masks. The only customer in the store was Andrea Chao, who heard the robbery taking place but did not see it as she was in the store restroom at the time.

## Police Report Example Robbery:

*Robbery Victims* Caroline Wolf Harlow, 1987      **Task Force Report: Crime and Its Impact--an Assessment** United States President of the United States, 1967      *Uniform crime reporting handbook*, 2004      Victimization Surveys and Criminal Justice Planning Wesley G. Skogan, 1978      *Research Handbook on Violent Crime and Society* Wendy Regoeczi, Terance Miethe, 2025-09-10 This comprehensive Handbook examines the various forms of violence that occur within and across societies. It explores the multiple psychological, sociological, and environmental causes underlying violence as well as the nature of its distribution across different social groups, geographical areas, and time periods.      **Violence** Alex Alvarez, Ronet Bachman, 2016-10-14 The Third Edition of *Violence: The Enduring Problem* offers an interdisciplinary and reader-friendly exploration of the patterns and correlations of individual and collective violent acts using the most contemporary research theories and cases. Responding to the fear of pervasive violence in the world, authors Alex Alvarez and Ronet Bachman address the various legislative, social, and political efforts to curb violent behavior. They expertly incorporate a wide range of the most current cases to help readers interpret the nature and dynamics of a variety of different yet connected forms of violence. While most texts of this type simply cover individual acts of violence, this book offers readers a broader perspective covering more collective violence activities such as terrorism, mob violence, and genocide.

*Encyclopedia of Crime and Punishment* David Levinson, 2002. Authoritative and comprehensive, this multivolume set includes hundreds of articles in the field of criminal justice. Impressive arrays of authors have contributed to this resource, addressing such diverse topics as racial profiling, money laundering, torture, prisoner literature, the KGB, and Sing Sing. Written in an accessible manner and attractively presented, the background discussions, definitions, and explanations of important issues and future trends are absorbing. Interesting sidebars and facts, reference lists, relevant court cases, tables, and black and white photographs supplement the entries. Appendixes cover careers in criminal justice, Web resources, and professional organizations. A lengthy bibliography lists relevant works. *The Best of the Best Reference Sources* American Libraries, May 2003.      Task Force Report: Crime and Its Impact--an Assessment United States. Task Force on Assessment of Crime, United States. Task Force on Assessment, 1967. An overview of the urban crime problem containing the results of a number of research studies and consultant papers. This volume makes use of the results of three major public surveys to examine the problem of unreported crime, public attitudes toward crime and law enforcement, the characteristics of victims and victim-offender relationships, and a variety of other crime problems. Chapters are devoted to the special problems of the economic burden of crime, white collar crime, and an appraisal of the current national system of statistical accounting on crime and criminal justice matters. There are three appendices prepared by consultants: two methodological notes and a series of tables of crime rates for index offenses by city rank.      *Power, Politics And Crime* William J. Chambliss, 2018-05-15. In the United States today, we are on the verge of fulfilling a nightmare scenario. Parents are fearful of letting their children

play in their own yards and elderly people are afraid to leave their homes The bogeyman in this rampant panic about crime is the young black male who in the media and public image is a superpredator lurking on every street corner ready to attack any prey that is vulnerable But is crime in America really as bad as the public has been made to believe Power Politics and Crime argues that the current panic over crime has been manufactured by the media law enforcement bureaucracies and the private prison industry It shows how the definition of criminal behavior systematically singles out the inner city African American But urban minorities aren't the only victims Although crime rates have been declining for 25 years vast amounts of money pour into the criminal justice industrial complex diverting scarce resources from other social services such as education social welfare and health care While in recent years downsizing has affected almost every segment of the public sector the criminal justice bureaucracies have seen an unprecedented expansion Through ethnographic observations analysis of census data and historical research William Chambliss describes what is happening why it has come about and what can be done about it He explores the genesis of crime as a political issue and the effect that crime policies have had on different segments of the population The book is more than a statement about the politics of crime and punishment it's a powerful indictment of contemporary law enforcement practices in the United States In addition to updating the data the author has added a discussion of the declining crime rate Contrary to presentations in the media and by law enforcement agencies the rate has been declining for over 25 years and therefore cannot be attributed to any get tough on crime policies so dear to the hearts of prosecutors and politicians Chapter Seven Crime Myths and Smokescreens has been completely revised and updated Updates include a discussion of the recent scandal in the Los Angeles Police Department which has resulted in criminal charges against police officers and the release of numerous convicted felons because of falsified evidence and testimony on the part of police officers The attack on Louima in the police station in New York as well as the shooting of Diallo are discussed in some detail as well as other recent exposures of police brutality and corruption The sections on white collar corporate and state crimes have been updated and recent examples added to the text
