The Wiley Blackwell Companion to Religion and Ecology John Hart, 2017-03-24 In the face of the current environmental crisis which clearly has moral and spiritual dimensions members of all the world s faiths have come to recognize the critical importance of religion s relationship to ecology The Wiley Blackwell Companion to Religion and Ecology offers a comprehensive overview of the history and the latest developments in religious engagement with environmental issues throughout the world Newly commissioned essays from noted scholars of diverse faiths and scientific traditions present the most cutting edge thinking on religion s relationship to the environment Initial readings explore the ways traditional concepts of nature in Christianity Judaism Islam Buddhism and other religious traditions have been shaped by the environmental crisis Readings then address the changing nature of theology and religious thought in response to the challenges of protecting the environment Various conceptual issues and themes that transcend individual traditions climate change bio ethics social justice ecofeminism and more are then analyzed before a final section examines some of the immediate challenges we face in caring for the Earth while looking to the future of religious environmentalism Timely and thought provoking Companion to Religion and Ecology offers illuminating insights into the role of religion in the ongoing struggle to secure the future well being of our natural world With a foreword by Ecumenical Patriarch Bartholomew I and an Afterword by John Cobb

Rooted and Rising Leah D. Schade, Margaret Bullitt-Jonas, 2019-11-01 Rooted and Rising is for everyone who worries about the climate crisis and

seeks spiritual practices and perspectives to renew their capacity for compassionate purposeful and joyful action Leah Schade and Margaret Bullitt Jonas gather twenty one faith leaders scientists community organizers theologians and grassroots climate activists to offer wisdom for fellow pilgrims grappling with the weight of climate change Acknowledging the unprecedented nature of our predicament the fact that climate disruption is unraveling the web of life and threatening the end of human civilization the authors share their stories of grief and hope fear and faith Together the essays introductory sections and discussion questions reveal that our present crisis can elicit a depth of wisdom insight and motivation with power to guide us toward a more peaceful just and Earth honoring future With a foreword by Mary Evelyn Tucker and a special introduction by Bill McKibben the book presents an interfaith perspective that welcomes and challenges readers of all backgrounds

Morality and the Environmental Crisis Roger S. Gottlieb, 2019-02-21 The environmental crisis creates an unprecedented moral predicament how to be a good person when our collective and individual actions contribute to immeasurable devastation and suffering Drawing on an extraordinary range of sources from philosophy political theory global religion ecology and contemporary spirituality Roger S Gottlieb explores the ethical ambiguities challenges and opportunities we face Engagingly written intellectually rigorous and forcefully argued this volume investigates the moral value of nature the possibility of an ecological democracy how we treat animals the demands and limits of individual responsibility and collective political change contemporary ambiguities of rationality and how to face environmental despair In *Morality and the Environmental Crisis* Gottlieb combines compassion for the difficulties of contemporary moral life with an unflinching ethical commitment to awareness and action

Climate Crisis, Psychoanalysis, and Radical Ethics Donna M. Orange, 2016-09-13 Psychoanalysis engages with the difficult subjects in life but it has been slow to address climate change *Climate Crisis Psychoanalysis and Radical Ethics* draws on the latest scientific evidence to set out the likely effects of climate change on politics economics and society more generally including impacts on psychoanalysts Despite a tendency to avoid the warnings times of crisis summon clinicians to emerge from comfortable consulting rooms Daily engaged with human suffering they now face the inextricably bound together crises of global warming and massive social injustices After considering historical and emotional causes of climate unconsciousness and of compulsive consumerism this book argues that only a radical ethics of responsibility to be my other's keeper will truly wake us up to climate change and bring psychoanalysts to actively take on responsibilities such as demanding change from governments living more simply flying less and caring for the earth and its inhabitants everywhere Linking climate justice to radical ethics by way of psychoanalysis Donna Orange explores many relevant aspects of psychoanalytic expertise referring to work on trauma mourning and the transformation of trouble into purpose Orange makes practical suggestions for action in the psychoanalytic and psychotherapeutic communities reducing air travel consolidating organizations and conferences better use of internet communication and education This book includes both philosophical considerations of egoism close to psychoanalytic

narcissism as problematic together with work on shame and envy as motivating compulsive and conspicuous consumption The interweaving of climate emergency and massive social injustice presents psychoanalysts and organized psychoanalysis with a radical ethical demand and an extraordinary opportunity for leadership Climate Crisis Psychoanalysis and Radical Ethics will provide accessible and thought provoking reading for psychoanalysts and psychotherapists as well as philosophers environmental studies scholars and students studying across these fields **Liberating Faith** Roger S. Gottlieb, 2003 Table of contents

The Disability Pendulum Ruth Colker, 2007-03 In *The Disability Pendulum* Ruth Colker presents the first legislative history of the enactment of the ADA in Congress and analyzes the first decade of judicial decisions under the act She assesses the success and failure of the first ten years of litigation under the ADA focusing on its three major titles employment public entities and public accommodations The book argues that despite an initial atmosphere of bipartisan support with the expectation that the ADA would make a significant difference in the lives of individuals with disabilities judicial decisions have not been consistent with Congress intentions The courts have operated like a pendulum at times swinging to a pro disabled plaintiff and then back again to a pro defendant stance Colker offers insightful and practical suggestions on where to amend the act to make it more effective in defending disability rights and also explains judicial hostility toward enforcing the act **Social Theory and Practice**, 2004 Radical Romanticism Mark S.

Cladis, 2025-09-16 Romanticism is often reduced to nostalgic pastoralism and solitary contemplation of the sublime But a radical strand of Romantic writers and thinkers offered sweeping political ecological and religious critiques of capitalism racism settler colonialism and environmental destruction Interweaving canonical nineteenth century authors with Black and Indigenous thinkers who transformed their work this book is a bold new account of Romanticism for today's deeply entrenched crises Mark S Cladis examines the progressive democratic religious and environmental beliefs and practices that informed European Romantic literature and its sustained legacies in North America His interpretation interweaves diverse voices such as W E B Du Bois Zora Neale Hurston and Leslie Marmon Silko while also revealing the progressive visions of Romantic authors such as Rousseau William and Dorothy Wordsworth Coleridge Mary Shelley Thoreau and Margaret Fuller Forging connections among literary and philosophical traditions while closely reading a wide range of texts *Radical Romanticism* shows how storytelling is central to the pursuit of justice and flourishing for the human and the more than human worlds Bringing together environmental humanities literary theory political theory and religious studies this book makes the case for a renewed radical Romanticism offering urgent resources for a world beset by catastrophe uncertainty and despair **Faith in Courts** Lisa Harms, 2022-12-01 The judicialisation of religious freedom conflicts is long recognised But to date little has been written on the active role that religious actors and advocacy groups play in this process This important book does just that It examines how Jehovah's Witnesses Muslims Sikhs Evangelicals Christian conservatives and their global support networks have litigated the right to freedom of religion at the European Court of Human Rights over the

past 30 years Drawing on in depth interviews with NGOs religious representatives lawyers and legal experts it is a powerful study of the social dynamics that shape transnational legal mobilisation and the ways in which legal mobilisation shapes discourses and conflict lines in the field of transnational law

Hobbesian Applied Ethics and Public Policy Shane D. Courtland,2017-07-20 Most philosophers and political scientists readily admit that Thomas Hobbes is a significant figure in the history of political thought His theory was arguably one of the first to provide a justification for political legitimacy from the perspective of each individual subject Many excellent books and articles have examined the justification and structure of Hobbes commonwealth ethical system and interpretation of Christianity What is troubling is that the Hobbesian project has been largely missing in the applied ethics and public policy literature We often find applications of Kantian deontology Bentham s or Mill s utilitarianism Rawls s contractualism the ethics of care and various iterations of virtue ethics Hobbesian accounts are routinely ignored and often derided This is unfortunate because Hobbes s project offers a unique perspective To ignore it when such a perspective would be fruitful to apply to another set of theoretical questions is a problem in need of a remedy This volume seeks to eliminate or at the very least partially fill this gap in the literature Not only will this volume appeal to those that are generally familiar with Hobbesian scholarship it will also appeal to a variety of readers that are largely unfamiliar with Hobbes

From Disability Theory to Practice Christopher A. Riddle,2018-08-15 *From Disability Theory to Practice* pays tribute to Professor Jerome Bickenbach s highly influential and immensely important work Professor Bickenbach is a scholar policy maker and activist of international stature This volume brings together ten friends mentors and mentees who have penned eight chapters engaging in topics that range as the title suggests and as Professor Bickenbach s work has spanned from theory to practice This volume begins much as Professor Bickenbach s career has by grappling with philosophical and sociological issues related to the definition of disability its relation to health and conceptions of justice for people with disabilities Subsequently these conceptions are utilized to advance policy suggestions that range from assisted dying legislation mental health policy and the implementation of the International Classification of Functioning Disability and Health

APAIS 1994: Australian public affairs information service , **Culture and Well-Being** Alberto Corsin Jimenez,2007-11-20 The concept of well being has emerged as a key category of social and political thought especially in the fields of moral and political philosophy development studies and economics This book takes a critical look at the notion of well being by examining what well being means or could mean to people living in a number of different regions including Sudan Nepal Papua New Guinea India Sierra Leone and the UK The contributors take issue with some of the assumptions behind Western concepts of well being They explore what characterises a good life and how this idea has been affected by globalisation and neoliberalism The book makes a major contribution to social theory by presenting new analytical models that make sense of the changing shapes of people s life and ethical values

Earthly Things Karen Bray,Whitney Bauman,2023-10-03 Globalization and climate weirding are two of the leading phenomena that challenge and change the way

we need to think and act within the planetary community Modern Western understandings of human beings animals and the rest of the natural world and the subsequent technologies built on those understandings have thrown us into an array of social and ecological crises with planetary implications Earthly Things Immanence New Materialisms and Planetary Thinking argues that more immanent or planetary ways of thinking and acting have great potential for re thinking human technology animal Earth relationships and for addressing problems of global climate weirding and other forms of ecological degradation Older and often marginalized forms of thought from animisms shamanisms and other religious traditions are joined by more recent forms of thinking with immanence such as the universe story process thought emergence theory the new materialisms NM s object oriented ontologies OOO s affect theory and queer theory This book maps out some of the connections and differences between immanent frameworks to provide some eco intellectual commons for thinking within the planetary community with a particular emphasis on making connections between more recent theories and older ideas of immanence found in many of the world s religious traditions The authors in this volume met and worked together over five years so the resulting volume reveals sustained and multifaceted perspectives on thinking and acting with the planet

Handbook of Sociology and Human Rights David L. Brunsma, Keri E. Lyall Smith, Brian K Gran, 2015-10-23 Long the province of international law human rights now enjoys a renaissance of studies and new perspectives from the social sciences This landmark book is the first to synthesize and comprehensively evaluate this body of work It fosters an interdisciplinary international and critical engagement both in the social study of human rights and the establishment of a human rights approach throughout the field of sociology Sociological perspectives bring new questions to the interdisciplinary study of human rights as amply illustrated in this book The Handbook is indispensable to any interdisciplinary collection on human rights or on sociology This text Brings new perspectives to the study of human rights in an interdisciplinary fashion Offers state of the art summaries critical discussions of established human rights paradigms and a host of new insights and further research directions Fosters a comprehensive human rights approach to sociology topically representing all 45 sections of the American Sociological Association

Movements for Human Rights David L. Brunsma, Keri Iyall Smith, Brian Gran, 2016-09-07 How do people work together to advance human rights Do people form groups to prevent human rights from being enforced Why In what ways do circumstances matter to the work of individuals collectively working to shape human rights practices Human society is made of individuals within contexts tectonic plates not of the earth s crust but of groups and individuals who scrape and shift as we bump along competing for scarce resources and getting along These movements large and small are the products of actions individuals take in communities within families and legal structures These individuals are able to live longer yet continue to remain vulnerable to dangers arising from the environment substances struggles for power and a failure to understand that in most ways we are the same as our neighbors Yet it is because we live together in layers of diverse communities that we want our ability to speak to be unhindered by others use

spirituality to help us understand ourselves and others possess a space and objects that are ours alone and join with groups that share our values and interests including circumstances where we do not know who our fellow neighbor is For this reason sociologists have identified the importance of movements and change in human societies When we collaborate in groups individuals can change the contours of their daily lives Within this book you will find the building blocks for human rights in our communities To understand why sometimes we enjoy human rights and other times we experience vulnerability and risk sociologists seek to understand the individual within her context Bringing together prominent sociologists to grapple with these questions *Movements for Human Rights Locally and Globally* offers insights into the ways that people move for and against human rights

[Joining Creation's Praise](#) Brian Brock, 2025-08-19 In the beginning God created Thus begins the Bible's story of a long conversation between God and creatures one in which humans are often the least edifying contributors They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live *Joining Creation's Praise* a major statement by a leading Christian ethicist shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living Human beings are made to embody Christ's image in the world not as dominators but as conduits of divine life In this comprehensive yet clear volume of theological ethics Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world Informed by theological rigor and careful exegesis the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion life with God knowledge and wisdom dominion Sabbath vocation economics human dignity our relationship with the rest of creation sexuality marriage family sin death and politics
