

Polycom® HDX® 8000 Series

Dramatically increase productivity and communication among project teams

For organizations migrating to high-definition video and audio communication, Polycom® HDX® 8000 series systems provide a flexible and robust solution ideally suited for distance education, remote patient care, on-demand project collaboration and more.

Enhancing collaboration with HD technology

The clarity of Polycom HDX 8000 series systems enables users to interact over video freely and naturally, and with the HDX 8000 series systems' embedded multipoint and content-sharing capabilities, remote team members can quickly and easily be brought together to collaborate on projects visually in this superior telepresence solution.

Designed to high-definition broadcast standards, Polycom HDX 8000 series systems solutions utilize Polycom HD Voice™ technology to convey distortion-free voices and sounds, while Polycom StereoSurround audio technology separates room sounds into left and right channels, giving an immediate sense of the physical location of opposite-end participants.

Rich-media presentations made easy

For rich-media group presentations, Polycom HDX 8000 series systems display dynamic content and data in HD to enhance collaboration and audience participation. With Polycom People+Content™ collaboration technology, users can share presentations and live video simultaneously, allowing conference participants to interact naturally and dynamically.

Polycom HDX 8000 series systems are a key element of the total Polycom visual communication solution, which includes seamless integration with the Polycom RMX® series conference platforms, as well as with Polycom Converged Management Application™ series for management and scheduling.
