Resisting Rape Culture through Pop Culture Kelly Wilz, 2019-12-09 *Resisting Rape Culture through Pop Culture* Sex After MeToo provides audiences with constructive models of affirmative consent tender masculinity and pleasure in popular culture that work to challenge toxic dominant and hegemonic constructions While numerous scholars have illustrated the many ways mediated culture shape social understandings of sexual violence this book analyzes texts that might serve to resist rape culture This project locates how these texts manufacture cinematic or televisual narratives and in turn work to create new realities that encourage cultural and social change Kelly Wilz analyzes the ways in which we as a culture tend to understand sex through visual media and dominant cultural myths while highlighting productive texts which might serve as a possible corrective to the ways in which sex is ritualized by rules that legitimize violence Through the lens of productive criticism Wilz examines how language and dominant ideologies around rape culture and rape myths reinforce systemic violence and how visual texts might work to reimagine how we might disrupt those ideologies and create new ways to engage in conversations around intimacy and violence By centering the voices within the MeToo movement who actively work to de normalize sexual assault and abuse these models provide a useful counter to the deluge of dehumanizing narratives about survivors and sexualized violence Scholars of pop culture women's studies media studies and social justice will find this book particularly useful

Abstracts of Popular Culture ,1977 **Building Communities of Engaged Readers** Teresa Cremin,Marilyn Mottram,Fiona M. Collins,Sacha Powell,Kimberly Safford,2014-06-20 Reading for pleasure urgently requires a higher profile to raise attainment and increase children s engagement as self motivated and socially interactive readers Building Communities of Engaged Readers highlights the concept of Reading Teachers who are not only knowledgeable about texts for children but are aware of their own reading identities and prepared to share their enthusiasm and understanding of what being a reader means Sharing the processes of reading with young readers is an innovative approach to developing new generations of readers Examining the interplay between the will and the skill to read the book distinctively details a reading for pleasure pedagogy and demonstrates that reader engagement is strongly influenced by relationships between children teachers families and communities Importantly it provides compelling evidence that reciprocal reading communities in school encompass a shared concept of what it means to be a reader in the 21st century considerable teacher and child knowledge of children s literature and other texts pedagogic practices which acknowledge and develop diverse reader identities spontaneous inside text talk on the part of all members a shift in the focus of control and new social spaces that encourage choice and children s rights as readers Written by experts in the literacy field and illustrated throughout with examples from the project schools it is

essential reading for all those concerned with improving young people's enjoyment of and attainment in reading The Graphic Novel Classroom Maureen Bakis, 2014-08-05 Every teacher knows that keeping adolescents interested in learning can be challenging. The Graphic Novel Classroom overcomes that challenge. In these pages you will learn how to create your own graphic novel in order to inspire students and make them love reading. Create your own superhero to teach reading, writing, critical thinking, and problem solving. Secondary language arts teacher Maureen Bakis discovered this powerful pedagogy in her own search to engage her students. Amazingly successful results encouraged Bakis to provide this learning tool to other middle and high school teachers so that they might also use this foolproof method to inspire their students. Readers will learn how to incorporate graphic novels into their classrooms in order to teach twenty-first century skills such as interpretation of content and form. Improve students' writing and visual comprehension. Captivate both struggling and proficient students in reading. Promote authentic literacy learning. Develop students' ability to create in multiple formats. This all-encompassing resource includes teaching and learning models, text-specific detailed lesson units, and examples of student work. An effective contemporary way to improve learning and inspire students to love reading. The Graphic Novel Classroom is the perfect superpower for every teacher of adolescent students. *Writing Strategies for the Common Core* Hillary Wolfe, 2013-12-18 Middle school students must be able to write explanatory, informational, argument, and narrative genre pieces and respond to literature both for standardized tests and more importantly real-world writing. With a balanced literacy approach, Wolfe provides core instruction, teaching strategies, and mini-lessons on these text types, each of which can be delivered in a four to six week time period. Each mini-lesson includes applicable Common Core Standards, materials lists, overviews, planning tips, procedures including modeling, guided practice, and independent practice opportunities, reading connections, formative assessments, and reproducible graphic organizers for scaffolding. Prerequisite skill overviews and rubrics, both analytic for formative assessments and holistic for summative assessments, are also provided for each genre unit to simplify your teaching and ensure student success. *MAKING SENSE OF DEVELOPMENT* Marjorie Garber, Jann Matlock, Rebecca L. Walkowitz, 2018-05-04 First Published in 2018, Routledge is an imprint of Taylor & Francis, an Informa company. **Science Sketches** Sidney Perkowitz, 2022-03-10 This book is the second collection of over 50 articles and essays authored by Sidney Perkowitz. Appearing in diverse outlets such as Discover, Washington Post, Aeon, Los Angeles Review of Books, Nautilus, Museum of the Moving Image, and Physics World, they represent the best of his writing about science and technology and their links to culture and society, the arts, and the media and the humanities. Written for general readers, the pieces explore the outer and inner universes from cosmic space to the human mind, from the artistic use of science to the impact of technology and AI in the justice system, in medicine, and in dealing with COVID-19.
