In this outstanding memoir chef and restaurateur Matsuhisa shares lessons in humility gratitude and empathy that will stick with readers long after they've finished the final chapter Publishers Weekly starred review Inspiration by example Associated Press from the acclaimed celebrity chef and international restaurateur Nobu as he divulges both his dramatic life story and reflects on the philosophy and passion that has made him one of the world's most widely respected Japanese fusion culinary artists As one of the world's most widely acclaimed restaurateurs Nobu's influence on food and hospitality can be found at the highest levels of haute cuisine to the food trucks you frequent during the work week this is the Nobu that the public knows But now we are finally introduced to the private Nobu the man who failed three times before starting the restaurant that would grow into an empire the man who credits the love and support of his family as the only thing keeping him from committing suicide when his first restaurant burned down and the man who values the busboy who makes sure each glass is crystal clear as highly as the chef who slices the fish for Omakase perfectly What makes Nobu special and what made him famous is the spirit of what exists on these pages He has the traditional Japanese perspective that there is great pride to be found in every element of doing a job well no matter how humble that job is Furthermore he shows us repeatedly that success is as much about perseverance in

the face of adversity as it is about innate talent Not just for serious foodies this insightful peek into the mind of one of the world s most successful restaurateurs Library Journal is perfect for fans of Marie Kondo s The Life Changing Magic of Tidying Up and Danny Meyer s Setting the Table Nobu s writing does what he does best it marries the philosophies of East and West to create something entirely new and remarkable

knowing you made it yourself      **The Knockoff Economy** Kal Raustiala, Christopher Sprigman, 2012-08-15 From the shopping mall to the corner bistro knockoffs are everywhere in today's marketplace. Conventional wisdom holds that copying kills creativity and that laws that protect against copies are essential to innovation and economic success. But are copyrights and patents always necessary? In *The Knockoff Economy*, Kal Raustiala and Christopher Sprigman provocatively argue that creativity can not only survive in the face of copying but can thrive. *The Knockoff Economy* approaches the question of incentives and innovation in a wholly new way by exploring creative fields where copying is generally legal, such as fashion, food, and even professional football. By uncovering these important but rarely studied industries, Raustiala and Sprigman reveal a nuanced and fascinating relationship between imitation and innovation. In some creative fields, copying is kept in check through informal industry norms enforced by private sanctions. In others, the freedom to copy actually promotes creativity. High fashion gave rise to the very term knockoff, yet the freedom to imitate great designs only makes the fashion cycle run faster and forces the fashion industry to be even more creative. Raustiala and Sprigman carry their analysis from food to font design to football plays to finance, examining how and why each of these vibrant industries remains innovative even when imitation is common. There is an important thread that ties all these instances together: successful creative industries can evolve to the point where they become inoculated against and even profit from a world of free and easy copying. And there are important lessons here for copyright-focused industries like music and film that have struggled as digital technologies have made copying increasingly widespread and difficult to stop. Raustiala and Sprigman's arguments have been making headlines in *The New Yorker*, *The New York Times*, *The Financial Times*, *The Boston Globe*, *Le Monde*, and at the *Freakonomics* blog, where they are regular contributors. By looking where few had looked before at markets that fall outside normal IP law, *The Knockoff Economy* opens up fascinating creative worlds. And it demonstrates that not only is a great deal of innovation possible without intellectual property, but that intellectual property's absence is sometimes better for innovation.

Pasta for All Seasons Michela Tartaglia, 2023-04-25 Authentic Italian flavors and cooking techniques join forces with seasonal regional ingredients for a delicious and deceptively simple collection of 50 pasta dishes for vegetarians, meat lovers, and pescatarians alike. Fresh ingredients, fresh pasta, innovative dishes. What's not to like? Rising Seattle chef Michela Tartaglia has developed 50 seasonal recipes that showcase the best of Northwest seafood, produce, and meat in creative, deeply satisfying pasta dishes. Using favorite ingredients such as salmon and clams and foodie favorites like nettles and chanterelles, this book offers home cooks dishes that are as comforting as a favorite spaghetti or fettuccine dish but as bold and exciting as a hot new restaurant entrée. In addition, a pasta primer helps home cooks make fresh pasta at home and choose the right pasta shape for the right sauce or dish.
