Viola, 2020-03-10 This book explores young people's civic experiences in contemporary American society and how they navigate the political world in an era defined by digital media Drawing on the experiences of young people before they have reached voting age the book provides vital perspectives on citizenship and civic engagement of a part of the population that is often overlooked The author engages with the tensions young people encounter in their everyday personal and civic lives particularly in their understanding and experience of civic identity in ways that are shaped by society's misperceptions of youth The book introduces a new framework of civic identity that has been directly informed by the lived civic experiences of young people themselves The findings will be of great interest to researchers and students working in political science sociology youth studies education studies and media studies as well as policy makers practitioners and parents of young people

What Kind of Democracy? Kateřina Vráblíková, 2016-08-12 The broad expansion of non electoral political participation is considered one of the major changes in the nature of democratic citizenship in the 21st century Most scholars but also governments transnational and subnational political institutions and various foundations have adopted the notion that contemporary democratic societies need a more politically active citizenry Yet contemporary democracies widely differ in the

extent to which their citizens get involved in politics beyond voting Why is political activism other than voting flourishing in the United States but is less common in Britain and almost non-existent in post-communist countries like Bulgaria The book shows that the answer does not lie in citizens' predispositions social capital or institutions of consensual democracy Instead the key to understanding cross-country differences in political activism beyond voting rests in democratic structures that combine inclusiveness and contestation What Kind of Democracy is the first book to provide a theoretically driven empirical analysis of how different types of democratic arrangements affect individual participation in non-electoral politics

Research Anthology on Citizen Engagement and Activism for Social Change Management Association, Information Resources, 2021-11-26 Activism and the role everyday people play in making a change in society are increasingly popular topics in the world right now especially as younger generations begin to speak out From traditional protests to activities on college campuses to the use of social media more individuals are finding accessible platforms with which to share their views and become more actively involved in politics and social welfare With the emergence of new technologies and a spotlight on important social issues people are able to become more involved in society than ever before as they fight for what they believe It is essential to consider the recent trends technologies and movements in order to understand where society is headed in the future The Research Anthology on Citizen Engagement and Activism for Social Change examines a plethora of innovative research surrounding social change and the various ways citizens are involved in shaping society Covering topics such as accountability social media voter turnout and leadership it is an ideal work for activists sociologists social workers politicians public administrators sociologists journalists policymakers social media analysts government administrators academicians researchers practitioners and students

Democratic Innovations in Central and Eastern Europe Sergiu Gherghina, Joakim Ekman, Olena Podolian, 2020-05-21 Democratic Innovations in Central and Eastern Europe expands research on democratic innovations by looking specifically at different forms of democratic innovations in Central and Eastern Europe The book covers direct democracy referendums in particular deliberative democracy practices and e participation forms which are salient in practice because they match the political realities of our time Expert contributors show how the recent actions of ordinary citizens in several Central and Eastern European countries have challenged the contemporary political order and grassroots movements and diverse forms of mobilization have challenged the notion of weak civil societies in the East The empirical evidence presented attempts to deepen citizen involvement in political contexts sometimes quite different from the democratic political systems in the Western world Using lessons from a still largely underexplored part of Europe the book both complements and revises theoretical approaches or complements empirical results in existing studies on democratic innovations Democratic Innovations in Central and Eastern Europe will be of great interest to scholars working on democracy political systems political engagement and Central and Eastern European politics The chapters originally published as a special issue of Contemporary Politics

Handbook of Research on Civic Engagement and Social Change in Contemporary Society Chhabra, Susheel, 2018-02-23 Outreach and engagement initiatives are crucial in promoting community development and social change This can be achieved through a number of methods including public policy and urban development The Handbook of Research on Civic Engagement and Social Change in Contemporary Society is a critical scholarly resource that examines the unexplored field of applying social change to civic engagement in an effort to enlarge public welfare activities

Featuring coverage on a broad range of topics such as civic education sustainable development and child labor this publication is geared towards academicians researchers and students seeking current research on civic engagement and public welfare Globalised Resistance and the Bring Back Our Girls Movement Titilope F. Ajayi, 2025-01-30 This book uncovers how women s movements in the Global South are changing the face of transnational activism in their mobilisations against militarism and conflict related gender violence Drawing on the case study of the Bring Back Our Girls BBOG movement established by Nigerian women for the rescue of Nigerian schoolgirls abducted in 2014 by violent extremist group Boko Haram the book argues that BBOG is one of several emerging forms of transnational resistance in Africa that are breaking old moulds and forging new directions for social movements globally The book argues that current research on social movements focuses too much on professional advocacy by formal civil society organisations and networks in the Global North In doing so it misses the increasingly spontaneous mass based protests initiated and led by Global South actors grounded in Global South contexts Unpacking the workings of the BBOG movement both internationally and regarding on the ground daily struggles in Nigeria the book highlights their considerable implications for the practice and study of international politics This book is an important read for researchers of international relations decolonisation social movements and transnational human rights activism Activists and leaders of social movements will also find the policy implications highlighted by the book useful
