Politics A Very Short Introduction

Steve Lamy, Steven L. Lamy, John Masker

Politics A Very Short Introduction:

Politics: A Very Short Introduction Kenneth Minogue, 2000-02-24 In this introduction Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century He considers the evolution of different systems ideological aspects and the future of political science Politics Kenneth Minoque, 2000-02-24 In this provocative but balanced essay Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century He prompts us to consider why political systems evolve how politics offers both power and order in our society whether democracy is always a good thing and what future politics may have in the twenty first century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **American Politics: A** Very Short Introduction Richard M. Valelly, 2013-02-11 American politics seems to grow more contentious and complicated by the day and whether American democracy works well is hotly debated Amidst all this roiling partisan argument and confusing claims and counterclaims there has never been a greater need for an impartial primer on the basics of the American political system This Very Short Introduction gives readers a concise accessible and sophisticated overview of the vital elements of American democracy emphasizing both how these elements function their historical origins and how they have evolved into their present forms Richard Valelly covers all facets of America's political system the bicameral Congress and the place of the filibuster the legislative executive process the role of the Supreme Court political parties and democratic choice bureaucracy the partisan revival and the political economy He offers as well an original analysis of the evolution of the American presidency and a fascinating chapter on the effects of public polling on political decision making and voter representation Valelly shows that the American political system is and always has been very much a work in progress unfolding within and also constantly updating an eighteenth century constitutional framework In a refreshingly balanced and judicious assessment he explores the strengths of American democracy while candidly acknowledging both gaps in representation and the increasing income inequality have sparked protest and intense public discussion Finally Valelly considers the remarkable persistence for more than two centuries of the basic constitutional forms established in 1787 despite the dramatic social changes that have reshaped virtually all aspects of American life For anyone wishing to understand the nuts and bolts of how our political system works and sometimes fails to work this Very Short Introduction is the very best place to start About the Series Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short

Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable Politics Kenneth R. Minoque, 1995 In this essay Kenneth Minoque discusses the development of politics from the ancient world to the twentieth century He prompts us to consider why political systems evolve how politics offers both power and order in our society whether democracy is always a good thing and what future politics may have in the twenty first century BOOK JACKET Environmental Politics: A Very Short Introduction Andrew Dobson, 2016-01-28 Environmental politics has many faces and operates at multiple scales it preoccupies individuals as well as governments drives local agreements as well as international treaties results in minor business changes as well as wholesale business decisions and fluctuates between a politics of protest and one of accommodation In this Very Short Introduction Andrew Dobson offers a lively and comprehensive commentary on the many facets of environmental politics today Looking towards the future he asks whether environmental politics will be comfortably accommodated by mainstream politics or whether the advent of the Anthropocene a whole new geological epoch driven by human impact on the environment will herald a break with the politics of growth that has dominated social life since the beginning of the Industrial Revolution ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Political Philosophy David Miller, 2003-06-26 This book introduces readers to the concepts of political philosophy It starts by explaining why the subject is important and how it tackles basic ethical questions such as how should we live together in society It looks at political authority the reasons why we need politics at all the limitations of politics and whether there are areas of life that shouldn t be governed by politics It explores the connections between political authority and justice a constant theme in political philosophy and the ways in which social justice can be used to regulate rather than destroy a market economy David Miller discusses why nations are the natural units of government and whether the rise of multiculturalism and transnational co operation will change this will we ever see the formation of a world government ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Geopolitics: A Very Short Introduction Klaus Dodds, 2019-07-25 Geopolitics is a slippery term From great power politics

<u>Geopolitics: A Very Short Introduction</u> Klaus Dodds,2019-07-25 Geopolitics is a slippery term From great power politics and speculation about resource scrambles to everyday encounters and objects such as smart phones it affects citizens

corporations international bodies social movements and governments Geopolitics is far more than simply the impact of geographical features such as rivers mountains and climate on political developments Geography matters but not necessarily in the way that pundits and presidents assume In this Very Short Introduction Klaus Dodds tours the field of geopolitics encompassing both its intellectual historical origins and its current concerns As people struggle to cross borders moving a few feet either side of a territorial boundary can be a matter of life or death dramatically highlighting the connections between place and politics Even far away from the front lines of states geopolitics remains an important part of everyday life A country's connectivity location size and resources all affect how the people that live there understand and interact with the wider world In this third edition Dodds includes new sections considering the rise of populism and economic nationalism as examples of how states people and corporations manage territorial frames for political projects such as Make America Great Again One Belt One Road and Brexit ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The History of Political Thought Richard Whatmore, 2021 Richard Whatmore examines the diverse interconnected relationships between political history theory and action Considering the work of Michel Foucalt John Pocock Quentin Skinner and other key theorists this book highlights the connections between past and present political systems and the ongoing relevance of the field today *Ideology* Michael Freeden, 2003-06-26 Ideology is one of the most controversial terms in the political vocabulary exciting both revulsion and inspiration This book examines the reasons for those views and explains why ideologies deserve respect as a major form of political thinking It investigates the centrality of ideology both as a political phenomenon and as an organizing framework of political thought and action It explores the changing understandings of ideology as a concept and the arguments of the main ideologies By employing the latest insights from a range of disciplines the reader is introduced to the vitality and force of a crucial resource at the disposal of societies through which sense and purpose is assigned to the political world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Politics and the Concept of the Political James Wiley, 2016-05-26 A recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics James Wiley s book takes the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber Carl Schmitt Paul Ricoeur Hannah Arendt Sheldon Wolin Claude Lefort and Ernesto Laclau and Chantal Mouffe These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors

They represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory Politics and the Concept of the Political will be a useful resource to general audiences as well as to specialists **Politics** Andrew Gamble, 2019-02-25 People so often focus on the negative aspects of politics like greed and corruption but without politics we would be lost It frames everything we do and it has the power to bring about real and positive change Politics Andrew Gamble reminds us defeated slavery and secured equal rights for women and minorities Without savvy and principled politicians and citizens willing to engage in political action there would still be civil war in Ireland and apartheid in South Africa Closer to home local politicians stand up for communities and endeavour to advance the prosperity and wellbeing of their constituents But it hasn t always been like this and without good politicians we could throw it all away Right now humanity is in a race against itself adjusting to new technologies that are destabilizing democracy and creating massive inequalities By thinking and acting politically Gamble argues we can harness the imagination and enthusiasm of people everywhere to tackle these challenges and shape a better world Handbook of British Politics Matthew Flinders, Andrew Gamble, Colin Hay, Michael Kenny, 2009-07-16 The study of British politics has been reinvigorated in recent years as a generation of new scholars seeks to build upon a distinct disciplinary heritage while also exploring new empirical territory and finds much support and encouragement from previous generations in forging new grounds in relation to theory and methods It is in this context that The Oxford Handbook of British Politics has been conceived The central ambition of the Handbook is not just to illustrate both the breadth and depth of scholarship that is to be found within the field It also seeks to demonstrate the vibrancy and critical self reflection that has cultivated a much sharper and engaging and notably less insular approach to the terrain it seeks to explore and understand In this emphasis on critical engagement disciplinary evolution and a commitment to shaping rather than re stating the discipline The Oxford Handbook of British Politics is consciously distinctive In showcasing the diversity now found in the analysis of British politics the Handbook is built upon three foundations. The first principle that underpins the volume is a broad understanding of the political It covers a much broader range of topics themes and issues than would commonly be found within a book on British politics This emphasis on an inclusive approach also characterises the second principle that has shaped this collection namely diversity in relation to commissioned authors The final principle focuses on the distinctiveness of the study of British politics Each chapter seeks to reflect on what is distinctive both in terms of the empirical nature of the issue of concern and the theories and methods that have been deployed to unravel the nature and causes of the debate The result is a unique volume that draws upon the intellectual strengths of the study of British politics reflects the innate diversity and inclusiveness of the discipline isolates certain distinctive issues and then reflects on their broader international relevance

and finally looks to the future by pointing towards emerging or overlooked areas of research **Understanding Comparative Politics** Lisa A. Baglione, 2024-02-22 Understanding Comparative Politics links comparative politics to identity helping students make personal connections and actively learn and explore through maps data theory and reflection questions Issues of race gender ethnicity and religion are put into context encouraging critical thinking about world regions and individual countries through the lens of current events American Political History: A Very Short Introduction Donald T. Critchlow, 2015-01-14 The Founding Fathers who drafted the United States Constitution in 1787 distrusted political parties popular democracy centralized government and a strong executive office Yet the country's national politics have historically included all those features In American Political History A Very Short Introduction Donald Critchlow takes on this contradiction between original theory and actual practice This brief accessible book explores the nature of the two party system key turning points in American political history representative presidential and congressional elections struggles to expand the electorate and critical social protest and third party movements The volume emphasizes the continuity of a liberal tradition challenged by partisan divide war and periodic economic turmoil American Political History A Very Short Introduction explores the emergence of a democratic political culture within a republican form of government showing the mobilization and extension of the mass electorate over the lifespan of the country In a nation characterized by great racial ethnic and religious diversity American democracy has proven extraordinarily durable Individual parties have risen and fallen but the dominance of the two party system persists Fierce debates over the meaning of the U S Constitution have created profound divisions within the parties and among voters but a belief in the importance of constitutional order persists among political leaders and voters Americans have been deeply divided about the extent of federal power slavery the meaning of citizenship immigration policy civil rights and a range of economic financial and social policies New immigrants racial minorities and women have joined the electorate and the debates But American political history with its deep social divisions bellicose rhetoric and antagonistic partisanship provides valuable lessons about the meaning and viability of democracy in the early 21st century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Introduction to Global Politics Steve Lamy, Steven L. Lamy, John Masker, 2016-01-21 Introduction to Global Politics Fourth Edition provides students with a current engaging and non U S perspective on global politics It shows students how to analyze global political events using theoretical approaches both mainstream and alternative and emphasizes non state actors more than any other global politics text Chapter by Chapter Revisions Chapter 1 Introduction to Global Politics Expanded theoretical coverage introduces students to the three theoretical traditions in international relations theory Machiavellian Grotian and Kantian New Case Study Global Production and the iPhone Chapter

Oxford, 2006-09 Very Short Introduction Boxed Sets Books that are perfect to pop in your pocket now packaged to make the ideal gift Five best selling introductions to politics from the highly acclaimed Very Short Introductions series packaged together in a stylish box to give a complete introductory overview to the subject of politics from the development of capitalism the history of democracy to a succinct history of fascism from its pre First World War origins to the contemporary resurgence of the extreme right Politics A Very Short Introduction by Kenneth Minogue ISBN 10 0 19 285388 0 ISBN 13 978 0 19 285388 2 This is a fascinating book which sketches in a very short space one view of the nature of politics the reader is challenged provoked and stimulated by Minogue's trenchant views Ian Davies Talking Politics In this provocative but balanced essay Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century He prompts us to consider why political systems evolve how politics offers both power and order in our society whether democracy is always a good thing and what future politics may have in the twenty first century Capitalism A Very Short Introduction by James Fulcher ISBN 10 0 19 280218 6 ISBN 13 978 0 19 280218 7 The history and development of capitalism are discussed through three detailed and absorbing case studies ranging from the tulipomania of seventeenth century Holland to the recent Enron crisis in America Democracy A Very Short Introduction by Bernard Crick ISBN 10019280250 X ISBN 13 978 0 19 280250 7 A short account of the history of the doctrine and practice of democracy from ancient Greece and Rome through the American French and Russian revolutions and of the usages and practices associated with it in the modern world Socialism A Very Short Introduction by Michael Newman ISBN 10 0 19 280431 6 ISBN 13 978 0 19 280431 0 well written and enjoyable to read Socialist Review Many people now think of socialism as an outdated ideology Michael Newman seeks to contextualise it explaining the evolution of socialist ideas from the French Revolution to the present day and examining why past attempts to implement socialism might have failed Fascism A Very Short Introduction by Kevin Passmore ISBN 10 0 19 280155 4 ISBN 13 978 0 19 280155 5 Kevin Passmore's excellent introduction to the subject succeeds on many levels There are few books by a single author that deal with fascism as a generic phenomenon across the whole of Europe especially one as concise as this and as refreshingly free of jargon and the inevitable interminable typologies Tim Kirk Times Populism: A Very Short Introduction Cas Mudde, Cristobal Rovira Kaltwasser, 2017-01-02 Populism is Literary Supplement a central concept in the current media debates about politics and elections However like most political buzzwords the term often floats from one meaning to another and both social scientists and journalists use it to denote diverse phenomena What is populism really Who are the populist leaders And what is the relationship between populism and democracy This book answers these questions in a simple and persuasive way offering a swift guide to populism in theory and practice Cas Mudde and Crist bal Rovira Kaltwasser present populism as an ideology that divides society into two antagonistic camps the pure people versus the corrupt elite and that privileges the general will of the people above all else They illustrate the practical power of this ideology through a survey of representative populist movements of the modern era European right wing parties

left wing presidents in Latin America and the Tea Party movement in the United States The authors delve into the ambivalent personalities of charismatic populist leaders such as Juan Domingo P ron H Ross Perot Jean Marie le Pen Silvio Berlusconi and Hugo Ch vez If the strong male leader embodies the mainstream form of populism many resolute women such as Eva P ron Pauline Hanson and Sarah Palin have also succeeded in building a populist status often by exploiting gendered notions of society Although populism is ultimately part of democracy populist movements constitute an increasing challenge to democratic politics Comparing political trends across different countries this compelling book debates what the long term consequences of this challenge could be as it turns the spotlight on the bewildering effect of populism on today s political and Fantasy, Politics, Postmodernity Andrew Rayment, 2014-06-15 The books are true while reality is lying social life Championing the popular Fantasy genre on the same terms as its readers Rayment casts a critical eye over the substance and methods of political critique in the Fantasy novels of Terry Pratchett Philip Pullman and China Mi ville Ranging across subjects as diverse as exquisite fundamentalism and revolutionary trains encountering pervert priests dwarf hermaphrodites and sex scarred lovers and pondering the homicidal tendencies of fairy tales and opera Fantasy Politics Postmodernity develops a theoretically wide ranging and illuminating account of how the novels of these writers do and do not sustain politically insightful critique of the real world while bringing intellectual and ethical concerns to bear on the popular Fantasy **Far-Right Ecologism** Balša Lubarda, 2023-08-01 Far Right Ecologism explains how the ongoing mainstreaming of the far right has prompted greater engagement with a range of topics including the environment Behind the fa ade of vote winning strategies the far right has provided a substantive ideological engagement with the natural environment Building on the nationalist bent of early green thought and the perceived nexus of pristine nature and cultural purity Far Right Ecologism has ideologically adopted the green elements of other ideologies such as conservatism and fascism but also of those considered to be thin centred such as nationalism and populism Through an authentic experience of learning from the Eastern European post socialist realms this book explores the ideology ecological discourse and policy proposals behind the increasing impact of far right actors on environmental politics in Hungary and Poland Each chapter begins with stories from the interviewees to illustrate how the far right in Hungary and Poland attempts to permeate environmental politics and even forge partnerships with green actors through specific local based policy contributions Drawing on the findings from a range of sources such as electoral programs ideological texts and manifestos social media and public speeches policy proposals and more than 40 in depth interviews with far right representatives this book also assesses epistemological and methodological challenges in examining the environmental dimension of far right post socialist politics. This book will be valuable reading for researchers with an interest in the far right environmental politics and Central Eastern Europe Seekina Real Truths: Multidisciplinary Perspectives on Machiavelli Patricia Vilches, Gerald Seaman, 2007-07-30 The thought and influence of Machiavelli have had a significant impact on a variety of academic disciplines including political science and government

history literature language theatre and philosophy Rather than inscribe Machiavelli within the boundaries of a single academic approach tradition or discourse this volume assembles multidisciplinary perspectives on his writings on government on his creative works and on his legacy The result is intended to appeal at once to generalists seeking baseline knowledge of Machiavelli and to specialists who are interested in critical views of Machiavelli that use a broad lens and that approach their subject from different angles Contributors include Susan Ashley Salvatore Bizzarro Julia Bondanella JoAnn Cavallo Salvatore Di Maria Marie Gaille Nikodimov Eugene Garver Joseph Khoury William Klein Sante Matteo Gerry Milligan RoseAnna Mueller John Roe Gerald Seaman Charles Tarlton Patricia Vilches and Mary Walsh
