**Poems of nature (from Sons of the Emerald Isle)** Burton Egbert Stevenson, 1926

*Wild Blueberry Summer* Jon C. Stott, 2025-05-01 The excitement of arriving at the Little Cabin in the Big Woods in late spring, the joy of greeting old friends, people, birds, and forest animals, listening to bird calls to tell the time of day, and spotting different flowers to mark the progress of the seasons, visits to favorite spots, the first harvest of blueberries, and the aroma of the first batch of fresh out of the oven muffins. *Wild Blueberry Summer* celebrates these memories and moments. Every summer is both wonderfully new and comfortingly familiar. The prose poems in this collection paint word pictures of treasured experiences from the gentle awakening of ever-returning spring to the first signs of winter's deep sleep. *Wild Blueberry Summer* is a celebration of memories, family, and place where the fortunate who spend summers at the amazing Little Cabin in the Big Woods mark the passing weeks not by a calendar on a wall but by the wildflowers currently in bloom and by the songs of the birds who claim territory in the woods or on the lake. Sue Harrison, national bestselling author of *The Midwife's Touch*. To feel what the Stotts feel to inhale the fresh air they breathe at their summer home, to swim with them in

the cold clear lake to watch stars spread a canopy above them when darkness pushes the day away is to immerse yourself in Wild Blueberry Summer Sharon M Kennedy author of The SideRoad Kids Series You will enjoy the gentle self effacing humor and the crystal clear language of this memoir Its philosophy reminds me of Walden but the writing is far more to my liking If you want to learn how to become in tune with nature Jon Stott is your guide Bob Rich author of From Depression to Contentment From Modern History Press

**Living-With Wisdom** Alexander Badman-King,2021-05-24 Living With Wisdom explores the way in which ancient Greek models of philosophy as an attempt to live the good life can and should be realised through the practice of permaculture Following the thought of Plato and Aristotle the author places the achievement of wisdom and fulfilment at the centre of the good life identifying these with the achievement of a complex admixture of virtues which are dependent on an appreciation of goodness itself The book then examines the manner in which permaculture or the practice of sustainable farming or ethical gardening can provide us with the best opportunity to acquire this moral knowledge through the close relationships we can have with other living beings and things A study of the nature of wisdom and a means of living with philosophy Living With Wisdom Permaculture and Symbiotic Ethics reveals that it is by appreciating and sharing in the lives of other organisms that we engage with many dilemmas of life and death and have the opportunity to exercise the virtues As such it will appeal to scholars of philosophy social theory and anthrozoology with interests in virtue ethics environmental ethics animal ethics and human animal relations
