**Questions in the Global South** Praveen Jha,Walter Chambati,Lyn Ossome,2021-02-24 This book provides a focus on some  
of the main markers and challenges that are at the core of the study of structural transformations in contemporary capitalism  
and their implications for labour in the Global South It examines the diverse perspectives and regional and social variations  
that characterise labour relations as a result of the uneven development which is an important facet of the intensification of  
capitalist accumulation The book provides important insights into the impact of the crises of capitalism on the wellbeing of  
labour at different historical junctures Some of the issues covered by it include the conditions of work and the changing  
composition of laboring classes and or working people The chapters also throw light on the multiple trajectories in the  
development of labour relations and employment in the Global South especially after the ascendancy and domination of  
neoliberal finance capitalism Some of the major aspects considered by the essays include the decentering of production and  
development of global value systems crisis of social reproduction and the rising informalisation of work     **Monthly Labor**
