The Complete Concordance to Shakespeare: Being a Verbal Index to All the Passages in the Dramatic Works of the Poet

Mary Cowden- Clarke, 1845 **How to Overcome Death** Glen C. Cutlip, 2000-02-28 The overcoming of death is a serious undertaking because death is a part of the nature one one s being and therefore not what it appears to be When Death is reconciled with life it becomes a means of interdimensional travel We realize that it wasnt there in the first place Therefore the overcoming of death is to take place within one s present consciousness for death is the counterpart of life in the first place Therefore the resurrection unto life is from the death that is hidden in life It is the dead that appear to be living that are resurrected unto life Death is something that is a part of ones present consciousness not something off somewhere in the so called afterlife The resurrection of the dead is unto conscious life or immortality or back into the realm of unconscious death for life and death occupy the same space It is a matter of seeing death as it is not just as it appears to be In that death is not what it appears to be the overcoming of death is not what it appears to be Therefore it is a real possibility It can be realized within ones lifetime The Overcoming of Death is the means of bringing the realization of conscious immortality to the awareness of ones present consciousness in this lifetime It reveals why it is that losing life is finding it and how it is that it is the dead that are living that hear the voice of the Son of God and are resurrected from the dead
