## **No Parent Left Behind Navigating The Special Education Universe:**

**No Parent Left Behind** Susan M. Brefach, 2013-04-19 *No Parent Left Behind* guides parents of children with any type of special learning need through the Special Education universe. Written by a clinical psychologist with over 32 years experience in evaluating and advocating for children, it tells parents exactly how they can help their child succeed in school. In this comprehensive, easy-to-read book, parents will learn how to monitor their child's early development for signs of possible difficulty, identify their child's needs within an academic setting, choose a skilled independent evaluator and get the necessary testing to document a child's current performance and needs, understand test results and testing reports, advocate for appropriate services and help craft an effective Individualized Education Program, get the most help from outside professionals and monitor their child's progress over time. The clearly presented Roadmap shows parents the necessary steps they'll need to take to ensure that their child makes effective progress from an initial concern to successful school completion. Detailed suggestions are provided to help parents support their children at home, practicing skills that are weak, keeping track of goals and growth, providing necessary structure, checking in with school staff and other professionals, monitoring progress reports and advocating for additional help when it is needed. The legal rights of parents and children are explained in detail along with a step-by-step explanation of what parents can do when their child is not being successful in his or her current program. The book's take-away message is that parents know their children best, but often they will need expert help so that schools will listen and provide the necessary instruction. The author includes numerous case studies drawn from her extensive experience, outlining each child's learning profile and what was done to help. After reading this book, parents will have the critical information they need to ensure that their child is learning and making the best possible progress. Parents will know how to make school work for their child. **Sh'ma**, 1999 *Pictorial Review*, 1922 Includes music **The SAGE Handbook of Cultural Anthropology** Lene Pedersen, Lisa Cliggett, 2021-03-31 *The SAGE Handbook of Cultural Anthropology* is the first instalment of *The SAGE Handbook of the Social Sciences* series and encompasses major specialities as well as key interdisciplinary themes relevant to the field.
