No Salvation Outside The Poor Prophetic Utopian Essays:

No Salvation Outside the Poor Jon Sobrino, 2008 The provocative title of these essays plays on a traditional Catholic slogan No salvation outside the church Insofar as it implies God's response to a world marked by suffering and injustice then the poor represent an indispensable test a key to the healing of a sick society Drawing on the radical hope of Christian faith the promise of the kingdom of God and the resurrection of the dead Sobrino presents a bold counter cultural challenge to a civilization of wealth that lives off the blood of the poor Inspired by the witness of Oscar Romero and Ignacio Ellacuria and the church's preferential option for the poor Sobrino offers these prophetic utopian reflections on faith and the meaning of discipleship in our time

No Salvation Outside the Poor Jon Sobrino, 2014

The Eye of the Needle Jon Sobrino, 2008 In this powerful book the great Latin American theologian Jon Sobrino shows that global capitalism is driven by a cruel dynamic of oppression and greed which inevitably dehumanises people destroys the human family and threatens mother earth He argues it is the poor who paradoxically offer the only way to salvation for the World We must work for a new civilisation that will give everyone access to material and cultural goods that make for a truly human life

African Catholic Priests Jordan Nyenyembe, 2011 This is a timely book on the contemporary African priesthood Just as in other parts of the globe the African priesthood currently faces a serious crisis of identity The unfolding crisis puts stress on the clerics and augments the tension with lay people The model of the Church as Family of God opted for by the Church in Africa is a new milestone that puts pressure on Catholic priests to define their role in the new context The identity and image of priests need to be specified as lay ministries render the Church active from the grassroots Reflection about the ministry of the clergy in Africa is urgent and indeed it is an important aspect of enculturation Nyenyembe demonstrates an admirable capacity to situate his rich theological reflections in an African context

Sin and the Vulnerability of Embodied Life Charlotte Bray, 2025-01-16 This book explores how Catholics should speak about sin and grace in a world where structural injustice holds sway causing violence and harm Bray brings diverse voices into creative dialogue to explore why unjust social situations can properly be called sin from a Catholic theological perspective and how this sin can be understood to impact one's agency freedom and historical condition vis vis God Discussing disparate thinkers such as John Paul II Judith Butler Thomas Aquinas and key Latin American liberation theologians Bray deepens and constructively develops the Catholic understanding of social sin She argues that the language of social sin presents us with an idea more theologically profound than just the identification of structural injustice it depicts the power of collective human sinfulness to shape our lives and environments in ways which harm our relations with God one another and the rest of the created world

Interfaith Dialogue Edmund Kee-Fook Chia, 2016-09-15 This book addresses issues central to today's Catholic Church focusing on the relationship between various religions in different contexts and regions across the world The diverse array of contributors present an inclusively interfaith enterprise investigating a wide range of encounters and perspectives The essays include approaches from the Jewish Muslim Buddhist and Bah traditions in a variety of geographic contexts Contributors reflect on Muslims in the West Christian Buddhist social activism and on Chinese Indian and Japanese religions The volume also explores the experiences of communities that are often marginalized and overlooked such as the Aborigines and Torres Strait Islanders of Australia and the Karen tribal peoples of Thailand Contributors examine the works of the Focolare G len and Rissh K sei kai movements and integrate the vision of Raimon Panikkar and Ken Wilber Chapters incorporate discussions of dialogue documents such as Nostra Aetate and Dabru Emet and methodologies such as Receptive Ecumenism Comparative Theology and Scriptural Reasoning Among other goals the book seeks to offer glimpses into interfaith dialogues across the world and examine what Christians can learn from other religions and global contexts

Christ Crucified in a Suffering World Nathan D. Hieb, 2013-09-01 What is the connection between Christian doctrine and concrete social action This question marks the often unarticulated divide between systematic theology and liberation theology each often emphasizing one primarily or formally over the other Examining the work of Karl Barth T F Torrance and Jon Sobrino here Nathan Hieb contests this bifurcation specifically around the nodal points of the crucifixion or the doctrine of atonement and the context of suffering This book is an innovative study that bridges the boundaries of method doctrine and praxis creating a strong theological and action oriented relationship between systematic and liberation theology

Prophecy and Power: Jeremiah in Feminist and Postcolonial Perspective Christl M. Maier, Carolyn J. Sharp, 2014-03-27 This volume advances the scholarly discussion of Jeremiah via rigorous feminist and postcolonialist theorizing of texts and interpretive issues in that prophetic book The essays here by seasoned scholars of Jeremiah offer significant traction on the biblical book's construction of the persona of Jeremiah and the subjectivity of Judah as subaltern analysis of gendered imagery for the speaking subject in Jeremiah and for the Judean social body exploration of rhetorics of imperialism and

resistance and theological implications of feminist critical perspectives on YHWH and other deities represented in Jeremiah Essays here deftly synthesize historical literary and ideological critical insights in service of nuanced inquiry into Jeremiah as complex cultural production The collection represents the growing edge of recent critical thinking on Jeremiah in the United States Europe and elsewhere It should prove invaluable in shaping the parameters of the continuing scholarly conversation on the Book of Jeremiah

Sing of Mary Stephanie A. Budwey, 2014 Throughout the history of Christianity Mary has been a beacon of hope to many who look to her While Christians have always prayed to Mary they have also sung to her in times of joy and sorrow *Sing of Mary* analyzes Marian hymnody throughout Christianity and particularly in the Roman Catholic Church in the United States from 1854 to today focusing not only on the texts and music but also on the contexts out of which these hymns came By using a holistic methodology drawing from anthropology history liturgy musicology psychology sociology and theology this study takes an interdisciplinary approach toward studying Marian theology and devotion through the lens of hymnody This volume accessible to both laypeople and academics provides readers with a clear and full understanding of Marian hymnody by looking at many examples throughout the history of Christianity up through the present thus shedding light on the history of Marian devotion and theology The work concludes by providing hope for the future of Marian congregational song particularly by exploring how the Magnificat can help Marian congregational song be meaningful to a wide range of Christians

The Oxford Handbook of Mystical Theology Edward Howells, Mark A. McIntosh, 2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon It differs not only from psychological and anthropological studies of mysticism but from other theological studies such as more practical or pastorally oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools as well as from literary studies of the linguistic tropes and expressive forms in mystical texts None of these perspectives is absent but the method here is more deliberately theological working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms in order finally to permit a critical theological engagement with them for today Divided into four parts the first section introduces the approach to mystical theology and offers a historical overview Part two attends to the concrete context of sources and practices of mystical theology Part three moves to the fundamental conceptualities of mystical thought The final section ends with the central contributions of mystical teaching to theology and metaphysics Students and scholars with a variety of interests will find different pathways through the Handbook

Emmanuel Levinas' Conceptual Affinities with Liberation Theology Alain Mayama, 2010 Emmanuel Levinas' *Conceptual Affinities with Liberation Theology* analyzes Levinas' work in relation to two important liberation theologians Gustavo Gutiérrez and Jon Sobrino whose scholarship like his needs to be brought into greater contemporary debate about the subject's

encounter with the other More specifically this book argues that for Levinas Guti rrez and Sobrino commitment to the neighbor is the necessary context for understanding God They posit the human other as the possibility of the subject s subjectivity To be human is to act with love toward one s neighbor Thus the author articulates the possibility of reading Levinas philosophy as a revalidation of one of the truths of Christianity the concern for the humanity of every human person as expressed in Christian theology in general and liberation theology in particular In order to show the relevance of Levinas philosophy for Christian theology in general the author discusses three Christian scholars Enrique Dussel Jean Luc Marion and Michael Purcell Although they challenge some aspects of Levinas philosophy they nevertheless see its significance for Christian theological anthropology The discussion concludes by proposing Levinas philosophy and liberation theology s turn to the neighbor as significant for addressing contemporary socio political and ethnic conflicts in sub Saharan Africa

Liberation through Reconciliation O. Ernesto Valiente, 2015-12-01 In the past one hundred years alone more than 200 million people have been killed as a consequence of systematic repression political revolutions or ethnic or religious war The legacy of such violence lingers long after the immediate conflict Drawing on the author s experiences of his native El Salvador *Liberation through Reconciliation* builds on Jon Sobrino s thought to construct a Christian spirituality and theology of reconciliation that overcomes conflict by attending to the demands of truth justice and forgiveness **Mutual**

Accompaniment and the Creation of the Commons Mary Watkins, G. A. Bradshaw, 2019-06-25 A landmark book that maps a radical model not only for the helping professions but for the work of solidarity This timely and pathbreaking volume maps a radical model of accompaniment exploring its profound implications for solidarity Psychosocial and ecological accompaniment is a mode of responsive assistance that combines psychosocial understanding with political and cultural action Accompaniment grounded in horizontality interdependence and potential mutuality moves away from hierarchical and unidirectional helping profession approaches that decontextualize suffering Watkins envisions a powerful paradigm of mutual solidarity with profound implications for creating commons in the face of societal division and indifference to suffering **A**

Materialism for the Masses Ward Blanton, 2014-02-25 Nietzsche and Freud saw Christianity as metaphysical escapism with Nietzsche calling the religion a Platonism for the masses and faulting Paul the apostle for negating more immanent material modes of thought and political solidarity Integrating this debate with the philosophies of difference espoused by Gilles Deleuze Michel Foucault Jacques Derrida Jacques Lacan and Pier Paolo Pasolini Ward Blanton argues that genealogical interventions into the political economies of Western cultural memory do not go far enough in relation to the imagined founder of Christianity Blanton challenges the idea of Paulinism as a pop Platonic worldview or form of social control He unearths in Pauline legacies otherwise repressed resources for new materialist spiritualities and new forms of radical political solidarity liberating religion from inherited interpretive assumptions so philosophical thought can manifest in risky radical freedom **Practical Sacramental Theology** Bruce T. Morrill, 2021-09-09 What motivates practice of the liturgy and

sacramental rites of the church Does the worship of God begin and end within each ritual enactment or does the truth and value of sacramental celebration reside in the broader context of Christian life in church and society For more than two decades prominent Jesuit sacramental liturgical theologian Bruce Morrill has explored the promise and problems inherent in the Second Vatican Council's call to renew liturgy's basic purpose namely the glorification of God and the sanctification of people Morrill's fundamental argument is that this ancient Christian principle is of a piece that divine glory and human holiness are so to speak two sides of a single coin The value of liturgy and sacraments is depleted if not lost unless they function within a holistic practice of faith that seeks the upbuilding of ethical lives personal and social With numerous real life examples plus references to current sociological studies the chapters address both modern challenges to and biblical and traditional resources for the celebration of sacramental rites today *Old Testament Prophets for Today* Carolyn J. Sharp, 2009-03-13 The prophets of the Old Testament include such well known characters as Isaiah Jeremiah Amos and Hosea There are however many other prophets both in the biblical books that bear their names and in the other histories and stories of ancient Israel Carolyn Sharp offers a brief introduction to each of the Bible's prophets and their prophetic books developing the theological themes present in each with an eye toward how the prophetic message is relevant today The For Today series was designed to provide reliable and accessible resources for the study and real life application of important biblical texts theological documents and Christian practices The emphasis of the series is not only on the realization and appreciation of what these subjects have meant in the past but also on their value in the present for today Thought provoking questions are included at the end of each chapter making the books ideal for personal study and group use [Routledge Companion to Peace and Conflict Studies](#) Sean Byrne, Thomas Matyók, Imani Michelle Scott, Jessica Senehi, 2019-07-24 This Companion examines contemporary challenges in Peace and Conflict Studies PACS and offers practical solutions to these problems Bringing together chapters from new and established global scholars the volume explores and critiques the foundations of Peace and Conflict Studies in an effort to advance the discipline in light of contemporary local and global actors The book examines the following eight specific components of Peace and Conflict Studies Peace and conflict studies praxis Structure agency tension as it relates to social justice nonviolence and relationship building Gender masculinity and sexuality The role of partnerships and allies in racial ethnic and religious peacebuilding Culture and identity Critical and emancipatory peacebuilding International conflict transformation and peacebuilding Global responses to conflict It argues that new critical and emancipatory peacebuilding and conflict transformation strategies are needed to address the complex cultural economic political and social conflicts of the 21st century This book will be of much interest to students of peace and conflict studies peace studies conflict resolution transitional justice reconciliation studies social justice studies and international relations [Religion, Torture and the Liberation of God](#) Mario I Aguilar, 2015-04-17 If God can be used by the powerful to justify violence in the name of order he can also be used by the weak to illuminate the position of the victims of

political conflict Religion Torture and the Liberation of God explores the theological possibilities of a God who is a prisoner and a victim of torture The book relocates God to the horrors of the military abuse of human rights in Chile and the systematic rape of women in the Democratic Republic of Congo Aguilar argues that this theological exercise offers us new ways of understanding the abuse of power whether it be the clerical abuse of children violence against women or homophobia This examination of torture and rape becomes through a theology of praxis and compliance an examination of solidarity love and affection The book concludes with an exploration of the possibilities of a tortured God who liberates

iPresente! Kyle B.T. Lambelet, 2020-02-03 *Presente* develops a lived theology of nonviolence through an extended case study of the movement to close the School of the Americas also known as the SOA or WHINSEC Specifically it analyzes how the presence of the dead a presence proclaimed at the annual vigil of the School of the Americas Watch shapes a distinctive transnational nonviolent movement Kyle B T Lambelet argues that such a messianic affirmation need not devolve into violence or sectarianism and in fact generates practical reasoning By developing a messianic political theology in dialogue with the SOA Watch movement Lambelet s work contributes to Christian ethics as he explores the political implications of the resurrection of the dead This book contributes to studies of strategic nonviolence and civil resistance by demonstrating how religious and moral dynamics remain an essential part of such struggles
