Caraccilo,2011-01-19 This work is a doctrinal examination of war termination strategy and conflict resolution as a dependent pair requiring a plan to achieve both in unison in advance of a fight The necessity of a plan for conflict resolution should be intuitively obvious for policymakers yet a survey of recent conflicts including Afghanistan and Iraq shows that not to be the case Beyond Guns and Steel A War Termination Strategy provides a practical approach to establishing a plan for war termination and conflict resolution before the bullets fly In explaining the difference between strategy and policy Colonel Dominic J Caraccilo clarifies the most important and often the most constraining element of a nation s power its resources He posits that termination strategy and conflict resolution are interdependent and need to be included in conflict plans from the outset Caraccilo s book fills a void in current strategy for the development of long term plans that bring conflicts to timely and acceptable conclusions providing a methodology that allows interagency requirements and resources for war termination

to be defined allocated and employed effectively
