Evaluation of the New York City Police Department Firearm Training and Firearm-discharge Review Process Bernard Rostker, 2008 In January 2007 New York City Police Commissioner Raymond W Kelly asked the RAND Corporation to examine the quality and completeness of the New York City Police Department's firearm training program and identify potential improvements in it and in the police department's firearm discharge review process This monograph reports the observations findings and recommendations of that study Policing within the Law John Eterno, 2003-07-30 At a time when police abuses and errors make the headlines it is important to understand just what goes into the decisions that police make when they are confronted with various crime scenarios in the line of duty Required to respond within the law many officers are able to respond in a legal manner to crime situations in which court decisions are written clearly and with easily applied guidelines But what happens when those decisions and laws are written in a way that invites interpretation and varies from situation to situation Based on a case study of New York City police officers this important volume analyzes how officers contend with often ambiguous laws in the face of specific crime scenarios In addition the author explores other influences on police decision making including officer characteristics and attitudes and makes policy recommendations in an effort to encourage the reinforcement of legal guidelines so that the rights of individuals are appropriately balanced with the duty to control crime Based on a survey of nearly 1 300 officers responses to specially designed hypothetical crime scenarios this study illustrates how police officers are likely to react with regard to the law in these situations While officers tend to act legally where the laws are clear less clearly articulated laws leave the police with a variety of different options for action in ambiguous situations For instance in weapons scenarios the survey showed that officers would often take advantage of ambiguity in the law with regard to how they may respond In drug scenarios officers will increase their tendency to do a search if the situation is slightly ambiguous though they will decrease their search responses when the situation appears to be highly ambiguous Eterno carefully examines the various responses and the laws that are meant to guide what police may or may not do in given situations concluding that better laws and bright line rules will help to check and balance the need to fight crime aggressively while preventing the abuse of authority that may arise in questionable circumstances *The College Student's Guide to the Law* C. L. Lindsay, 2005-05-26 In this complete and easy to read manual on the legal system Lindsay provides college students with information on a wide range of classroom laws on campus laws and off campus laws

Police Executive Symposium i *Police: A Field Guide* David Correia, Tyler Wall, 2018-03-13 A radical guide to the language of policing This field guide arms activists and indeed anyone concerned about police abuse with critical insights that ultimately redefine the very idea of policing When we talk about police and police reform we speak the language of police legitimization through euphemism So state sexual assault becomes body cavity search and ruthless beatings non compliance deterrence In entries such as police dog stop and frisk and rough ride the authors expose the way copspeak suppresses the true meaning and history of law enforcement In field guide fashion they reveal a world hidden in plain view The book argues that a redefined language of policing might help us chart a future that s free Including explanations of newsmaking terms such as deadname kettling and qualified immunity and a foreword by leading justice advocate Craig Gilmore **Seven Shots** Jennifer C. Hunt, 2010-09-15 On July 31 1997 a six man Emergency Service team from the NYPD raided a terrorist cell in Brooklyn and narrowly prevented a suicide bombing of the New York subway that would have cost hundreds possibly thousands of lives *Seven Shots* tells the dramatic story of that raid the painstaking police work involved and its paradoxical aftermath which drew the officers into a conflict with other rank and file police and publicity hungry top brass Jennifer C Hunt draws on her personal knowledge of the NYPD and a network of police contacts extending from cop to four star chief to trace the experience of three officers on the Emergency Service entry team and the two bomb squad detectives who dismantled the live device She follows their lives for five years from that near fatal day in 1997 through their encounters inside the brutal world of departmental politics and on to 9 11 when they once again put their lives at risk in the fight against terrorism racing inside the burning towers and sorting through the ash debris and body parts Throughout this fast paced narrative Hunt maintains a strikingly fine grained street level view allowing us to understand the cops on their own terms and often in their own words The result is a compelling insider s picture of the human beings who work in two elite units in the NYPD and the moral and physical danger and courage involved As gripping as an Ed McBain novel and just as steeped in New York cop culture and personalities *Seven Shots* takes readers on an unforgettable journey behind the shield and into the hearts of New York City police **Strategies and Responses to Crime** Melchor de Guzman, Aideo Mintie Das, Dilip K. Das, 2011-10-17 Every year esteemed scholars and practitioners meet at the International Police Executive Symposium to discuss contemporary issues in policing and share ideas about effective strategies in their jurisdictions Drawn from the proceedings at the Thirteenth Annual Meeting held in Turkey and updated with new developments since the conference *Strategi Police Practices and Civil Rights in New York City* Mary Frances Berry, 2000-12 On May 26 1999 the U S Commission on Civil Rights conducted a hearing in New York City to examine current police practices police community relations civilian complaints *Building a World-Class Compliance Program* Martin T.
