Research Anthology on Microfinance Services and Roles in Social Progress Management Association, Information Resources, 2022-09-23 Microfinance has emerged as a growing field as more businesses discover the benefits and opportunities it provides To ensure that microfinance is utilized appropriately further study on the best practices and difficulties is required The Research Anthology on Microfinance Services and Roles in Social Progress considers the ways in which microfinance can be utilized to achieve social progress as well as the challenges and opportunities of this area Covering key topics such as income small businesses entrepreneurship and credit this major reference work is ideal for industry professionals government officials computer scientists entrepreneurs business owners managers policymakers researchers scholars practitioners instructors and students World Development Report 2016 World Bank Group, 2016-01-14 Digital technologies are spreading rapidly but digital dividends the broader benefits of faster growth more jobs and better services are not If more than 40 percent of adults in East Africa pay their utility bills using a mobile phone why can't others around the world do the same If 8 million entrepreneurs in China one third of them women can use an e-commerce platform to export goods to 120 countries why can't entrepreneurs elsewhere achieve the same global reach And if India can provide unique digital identification to 1 billion people in five years and thereby reduce corruption by billions of dollars why can't other countries replicate its success Indeed what's holding back countries from realizing the profound and transformational effects that digital technologies are supposed to deliver Two main reasons First nearly 60 percent of the world's population are still offline and can't participate in the digital economy in any meaningful way Second and more important the benefits of digital technologies can be offset by growing risks Startups can disrupt incumbents but not when vested interests and regulatory uncertainty obstruct competition and the entry of new firms Employment opportunities may be greater but not when the labor market is polarized The internet can be a platform for universal empowerment but not when it becomes a tool for state control and elite capture The World Development Report 2016 shows that while the digital revolution has forged ahead its analog complements the regulations that promote entry and competition the skills that enable workers to access and then leverage the new economy and the institutions that are accountable to citizens have not kept pace And when these analog complements to digital investments are absent the development impact can be disappointing What then should countries do They should formulate digital development strategies that are much broader than current information and communication technology ICT strategies They should create a policy and institutional environment for

technology that fosters the greatest benefits In short they need to build a strong analog foundation to deliver digital dividends to everyone everywhere

Citizenship Law in Africa: 3rd Edition Manby, Bronwyn, 2016-02-02 Few African countries provide for an explicit right to a nationality Laws and practices governing citizenship effectively leave hundreds of thousands of people in Africa without a country These stateless Africans can neither vote nor stand for office they cannot enrol their children in school travel freely or own property they cannot work for the government they are exposed to human rights abuses Statelessness exacerbates and underlies tensions in many regions of the continent Citizenship Law in Africa a comparative study by two programs of the Open Society Foundations describes the often arbitrary discriminatory and contradictory citizenship laws that exist from state to state and recommends ways that African countries can bring their citizenship laws in line with international rights norms The report covers topics such as citizenship by descent citizenship by naturalisation gender discrimination in citizenship law dual citizenship and the right to identity documents and passports It is essential reading for policymakers attorneys and activists This third edition is a comprehensive revision of the original text which is also updated to reflect developments at national and continental levels The original tables presenting comparative analysis of all the continent s nationality laws have been improved and new tables added on additional aspects of the law Since the second edition was published in 2010 South Sudan has become independent and adopted its own nationality law while there have been revisions to the laws in C te d Ivoire Kenya Libya Mali Mauritania Namibia Niger Senegal Seychelles South Africa Sudan Tunisia and Zimbabwe The African Commission on Human and Peoples Rights and the African Committee of Experts on the Rights and Welfare of the Child have developed important new normative guidance *Towards Democratic Development States in Southern Africa* Godfrey Kanyenze, Herbert Jauch, 2016-12-14 The dawn of the twenty first century heralded an apparent change of fortunes for most sub Saharan African economies with annual growth averaging over 5% for fifteen years However this was not accompanied by structural transformation poverty food insecurity unemployment and inequality persist Structural transformation has not been and indeed cannot be delivered by market forces and neo liberal economic policies it requires a state committed to development and to achieving it in a democratic way To what extent do the countries of Southern Africa exhibit the characteristics of such a developmental state What steps if any do they need to take in order to become one The book answers the questions with respect to South Africa Botswana Namibia Zimbabwe Angola and Malawi Godfrey Kanyenze and his colleagues have assembled a distinguished team of writers to take the temperature of the regional political economy and chart a path for its future development Citizenship Law in Africa: 3rd Edition Bronwyn Manby, 2015-02-02 Few African countries provide for an explicit right to a nationality Laws and practices governing citizenship effectively leave hundreds of thousands of people in Africa without a country These stateless Africans can neither vote nor stand for office they cannot enrol their children in school travel freely or own property they cannot work for the government they are exposed to human rights abuses Statelessness exacerbates and underlies tensions in many

regions of the continent

Citizenship Law in Africa a comparative study by two programs of the Open Society Foundations describes the often arbitrary discriminatory and contradictory citizenship laws that exist from state to state and recommends ways that African countries can bring their citizenship laws in line with international rights norms The report covers topics such as citizenship by descent citizenship by naturalisation gender discrimination in citizenship law dual citizenship and the right to identity documents and passports It is essential reading for policymakers attorneys and activists This third edition is a comprehensive revision of the original text which is also updated to reflect developments at national and continental levels The original tables presenting comparative analysis of all the continents nationality laws have been improved and new tables added on additional aspects of the law Since the second edition was published in 2010 South Sudan has become independent and adopted its own nationality law while there have been revisions to the laws in Cte d'Ivoire Kenya Libya Mali Mauritania Namibia Niger Senegal Seychelles South Africa Sudan Tunisia and Zimbabwe The African Commission on Human and Peoples Rights and the African Committee of Experts on the Rights and Welfare of the Child have developed important new normative guidance

[Financial Inclusion and Digital Transformation Regulatory Practices in Selected SADC Countries](#) Howard Chitimira, Tapiwa Victor Warikandwa, 2023-03-28 This book investigates the regulation and promotion of financial inclusion and provides a comparative analysis of the regulation promotion and enforcement of the relevant laws in the SADC in particular South Africa Namibia Botswana and Zimbabwe as well as the challenges of financial inclusion In turn it evaluates financial inclusion in the context of specific challenges faced by unbanked and underbanked customers who are easy targets for cyber criminals because they tend to have lower levels of digital literacy The book presents novel discussions that identify the challenges and flaws associated with the enforcement of financial inclusion laws and related measures intended to promote financial inclusion in the SADC region This is primarily done in order to reveal the current strengths and weaknesses of financial inclusion laws in relation to

certain aspects of the companies securities and financial markets in the region For example there is no common financial inclusion instrument law that is effectively and uniformly applied throughout the SADC This has impeded the enforcement authorities efforts to effectively combat financial exclusion across the region The book is likely the most comprehensive study to date on the regulation and promotion of financial inclusion in the SADC region and fills a major gap in SADC and African legal jurisprudence As such it offers a valuable asset for policymakers attorneys bankers securities share holders and other market participants who deal with financial inclusion as well as undergraduate and graduate students interested in the topic

Conflict and Development Andrew J. Williams, Alasdair Gordon-Gibson, 2024-09-26 Fully revised and updated in its third edition this timely book brings together the study of conflict and war and the problems surrounding the economic development of developing societies that are most prone to experiencing problems in moving on

after war The book does so by reflecting on the issues surrounding war as it unfolds and after it has in principle ended within the context of the history present day problems and future prospects The book aims to highlight the possibilities successes and failures of past and present policies that bring development to countries and peoples that want to be more involved in deciding their own futures after conflict and war and often find themselves subject to what can be seen as arbitrary and even alien ways of thinking and acting by institutions in which they theoretically have membership and agency but often do not in practice The case studies have been fully updated to reflect changes and developments since the second edition of this text and there are questions at the end of each chapter to promote reflection This new edition presents a deeper dive into the history of conflict and the emergence of new theories and policy guidance about present and future options in the fields of conflict and development Accessible and engaging this textbook is a pivotal resource for a nexus of subjects related to the often separated fields of conflict and development studies as well as practitioners in this area

Seed system of Pakistan: Policy challenges and prospects Rana, Abdul Wajid, Gill, Sitara, Akram, Iqra, 2022-09-26 The seed industry in Pakistan has undergone significant developments since the 1950s and has transitioned from Green Revolution to Gene Revolution The 2015 amendment in the Seed Act 1976 and the enactment of Plant Breeders Rights Act and Rules have provided long awaited intellectual property protection for proprietary seed Notwithstanding this fundamental change the challenge of effective enforcement of intellectual property rights remains This paper presents how the seed industry has evolved over the years through evaluating the regulatory and institutional framework along with looking into the major challenges that still plague the seed system of Pakistan It also explores how the private sector can be incentivized to invest in the seed sector while protecting the farmers rights Findings reveal that there seems to be a lot of scope for strengthening the seed system of Pakistan via encouraging private sector participation mainly through developing proactive markets with strong institutional mechanism along with scientific and time bound regulatory approval framework An appraisal of the international best practices divulges that technological backstopping developing public private partnerships building institutional capacity for effective enforcement of regulatory regime and availability of information to farmers for selecting quality seed are equally vital for creating a well functioning seed system in Pakistan
