

RESEARCH AIM AND OBJECTIVES

RESEARCH AIM

The research aim refers to the overarching goal or purpose of a research study, stating what the researcher intends to achieve or investigate. It provides direction and focus to the research, guiding the selection of research questions, methods, and data analysis to address specific objectives and contribute to existing knowledge in the field.

RESEARCH OBJECTIVES

Research objectives are specific and measurable goals that outline what the researcher will accomplish within a study. They are derived from the research aim and serve as the building blocks for the research design, helping to define the scope, identify the variables to be studied, and guide data collection and analysis to ultimately fulfill the research aim.
