

A person is silhouetted while sitting on a park bench, looking towards a large, intense fire that is consuming a building in the background. The fire is bright orange and yellow, with thick smoke rising. The scene is set at night or dusk, with the fire providing the primary light source.

Oblivion S Wake:

The Oblivions of The Cosmos Cometan, Gomedan, 2019-11-23 The Oblivions of The Cosmos is the thirtieth instalment in the Little Blue Book Series and comprises of the forty eighth discourse of the Monodoxy which is itself the first disquisition of the Omnidox, the founding book of Astronism. A haunting single discourse publication constituting over 250 insentations. The Oblivions of The Cosmos investigates one of the most ominous and chaotic progenies in The Cosmos: black holes. To introduce the discipline of cosmontology known as obliology, this discourse examines all aspects and possibilities regarding the nature, form, purpose, eventualities and physicalities of black holes with implicit connections to the beliefs of Astronism, particularly regarding the tradition of mystery surrounding black holes in Astronist philosophy and religion. The Little Blue Book Series was created and first published by Cometan himself as a way to simplify and commercialise the immensity of the two million word length of the Omnidox into smaller, more bite-size publications. A successful series from its very first published entry, the Little Blue Book Series has gone on to become a symbol of Astronist commercial literature and a way for Cometan's words to reach readers of all ages and abilities who remain daunted by the beauty and yet the sheer extensiveness of the Omnidox, as the longest religious text in history. *A Road to Recovery* Dan H., 2021-07-29 This book will help you learn how to recover from your addiction and it won't fail if you follow its process. It will also lead those to an answer that are unsure if they have a problem. I will help you step by step throughout this book so you can learn recovery and change your life. The things needed are some effort and a willingness to change. So stop wishing for a miracle because you have it in your hands.

Liberators of the Dawn Zachariah Wahrer, 2019-04-10 With galactic subjugation nearly complete, Crasor turns his attention to the Ashamine core worlds. His indomitable fleet surges onward, conquering system after system. All hope seems lost as the Ashamine continues collapsing under his pressure. Too weak to confront the Breakers in open combat, Felar and the Harbingers devise a desperate plan: draw Crasor out from his massive fleet and execute him. Will they save what's left of humanity, or will the Breakers assimilate the entire Akked Galaxy? The last book of the Saga, *Liberators of the Dawn*, is a thrilling finale to the epic sci-fi series.

concerning the principal types of order of human existence in society and history as well as the corresponding symbolic forms In previous volumes Voegelin discussed the imperial organizations of the ancient Near East and their existence in the form of the cosmological myth the revelatory form of existence in history developed by Moses and the prophets of the Chosen People the polis the Hellenic myth and the development of philosophy as the symbolism of order and the evolution of the great religions especially Christianity This final volume of *Order and History* is devoted to the elucidation of the experience of transcendence that Voegelin discussed in earlier volumes He aspires to show in a theoretically acute manner the exact nature of transcendental experiences Voegelin's philosophical inquiry unfolds in the historical context of the great symbolic enterprise of restating man's humanity under the horizon of the modern sciences and in resistance to the manifold forces of our age that deform human existence His stature as one of the major philosophical forces of the twentieth century clearly emerges from these concluding pages In *Search of Order* deepens and clarifies the meditative movement that Voegelin now in reflective distance to his own work sees as having been operative throughout his search Because of Voegelin's death on January 19 1985 *In Search of Order* is briefer than it otherwise might have been however the theoretical presentation that he had set for himself is essentially completed here Just as this volume serves Voegelin well in his striking analyses of Hegel Hesiod and Plato it will serve as a model for the reader's own efforts in search of order **Stanford University**
