Ada Palmer,2021-11-02 From the 2017 John W Campbell Award Winner for Best Writer Ada Palmer s Perhaps the Stars is the  
final book of the Hugo Award shortlisted Terra Ignota series World Peace turns into global civil war In the future the leaders  
of Hive nations nations without fixed location clandestinely committed nefarious deeds in order to maintain an outward  
semblance of utopian stability But the facade could only last so long The comforts of effortless global travel and worldwide  
abundance may have tempered humanity s darkest inclinations but conflict remains deeply rooted in the human psyche All it  
needed was a catalyst in form of special little boy to ignite half a millennium of repressed chaos Now war spreads throughout  
the globe splintering old alliances and awakening sleeping enmities All transportation systems are in ruins causing the  
tyranny of distance to fracture a long united Earth and threaten to obliterate everything the Hive system built With the arch  
criminal Mycroft nowhere to be found his successor Ninth Anonymous must not only chronicle the discord of war but attempt  
to restore order in a world spiraling closer to irreparable ruin The fate of a broken society hangs in the balance Is the key to
