Wolf of the Deep Stephen Fox, 2009-03-25 The electrifying story of Raphael Semmes and the CSS Alabama the Confederate raider that destroyed Union ocean shipping and took more prizes than any other raider in naval history In July 1862 Semmes received orders to take command of a secret new British built steam warship the Alabama At its helm he would become the most hated and feared man in ports up and down the Union coast and a Confederate legend Now with unparalleled authority and depth and with a vivid sense of the excitement and danger of the time Stephen Fox tells the story of Captain Semmes s remarkable wartime exploits From vicious naval battles off the coast of France to plundering the cargo of Union ships in the Caribbean this is a thrilling tale of an often overlooked chapter of the Civil War **Indianapolis**

Between Cure and Control Benedetta Chizzolini, 2025-10-06 Since antiquity doctors have always been required to be vigilant i e extremely attentive particularly when it comes to any symptoms exhibited and or complained of by the patient As outlined in the Hippocratic Oath since antiquity a doctor s primary mission is to ensure the patient s well being and recovery irrespective of their social status However loyalty to the patient was explicitly subordinated whenever the patient performed an action deemed suspicious or even detrimental to society s best interests The goal of this book is therefore to delve deeper into the multivalent role and attitude of physicians and surgeons as experts in how to interpret symptoms and how this in turn influenced their relationship with their patients especially when the latter were considered to be dangerous individuals This analysis does not seek to further explore Foucault s concept of the disciplinary nature of medicine but rather uses it as a starting point for analyzing the complex and so to speak ambiguous nature of the doctor patient relationship in the early modern period one which oscillated between cooperation and conflict To deepen these aspects this analysis will consider the role and tasks of a figure often neglected by historiography the galley doctor Cinema, Literature & Society Peter Miles, Malcolm Smith, 2013-12-17 During the interwar period cinema and literature seemed to be at odds with each other part of the continuing struggle between mass and elite culture which so worried writers such as Aldous Huxley T S Eliot and the Leavises And this cultural divide appeared to be sharp evidence of a deeper struggle for control of the nation s consciousness not only between dominant and oppositional elements within Britain but between British and American vales as well On the one hand films like Sing As We Go Proud Valley and The Stars Look Down consolidated the assumptions about the existence of a national rather than separate class identities On the other hand working class literature such as Love on the Dole articulated working class experience in a manner intended to bridge the gap between the Two Englands This book originally published in 1987 examines how two of the most significant cultural forms in Britain contributed indirectly to the stability of

Britain in the interwar crisis helping to construct a new class alliance A major element in the investigation is an analysis of the mechanics of the development of a national cultural identity alongside separate working class culture the development of the lower middle class and the implications of the intrusion of Hollywood culture The treatment throughout is thematic rather than text oriented works of Graham Greene George Orwell Bert Coombes Evelyn Waugh the British Documentary Film Movement and Michael Balcon are included in the wide range of material covered **New Scientist and Science Journal** ,1987 **Coast Guard Authorizations** United States.
